It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Resolved by the Senate and House of Representatives in General Court convened:

That His Excellency the Governor be hereby authorized and empowered, with the advice and consent of the Council, to employ some suitable person—and fix his compensation, to be paid out of any money in the treasury not otherwise appropriated—to collect, arrange, transcribe, and superintend the publication of such portions of the early state and provincial records and other state papers of New Hampshire as the Governor may deem proper; and that eight hundred copies of each volume of the same be printed by the state printer, and distributed as follows: namely, one copy to each city and town in the state, one copy to such of the public libraries in the state as the Governor may designate, fifty copies to the New Hampshire Historical Society, and the remainder placed in the custody of the state librarian, who is hereby authorized to exchange the same for similar publications by other states.

Approved August 4, 1881.

PREFACE.

The disposition of the territory which is now included in the State of New Hampshire, and which was considered as vested in the crown by discovery and conquest, and the final assurance of undisputed titles among the people, was accomplished under peculiar conditions and after almost endless postponement. An early confusion and conflict of authority in the transmission of the patents affecting indefinite tracts, through the intervention of the Council of Plymouth in the first instance, and in the subsequent assumption and exercise of the right to hold and dispose of the same lands in the name of the King by the early governors of the province, was sufficient to keep the people of the province in long protracted difficulty over the titles to the soil which they occupied. Throughout the entire history of the province the title of Mason, the first patentee, was a potent element in affairs of the pioneer settlers and of the province, rendering all other titles uncertain, and constantly disturbing business and government. Interwoven with all this were the most determined assertions of rights by long continued occupancy, and by conveyances which had apparently been made in compliance with all the forms of law by the aboriginal masters of the domain. What of progress the towns of Portsmouth, Dover, Hampton, and Exeter accomplished before the erection of the provincial government under President Cutt, in 1679, was in the midst of the most embarrassing complications growing out of the confusion which prevailed in land titles accompanied by repeated changes in the conditions of colonial jurisdiction. The documentary history of these first towns is intimately involved in that of the state in its beginning. Papers illustrating this epoch have been given in prior volumes. Those now to be presented relate more particularly to the individual towns in which settlements were effected at a later date than the formal establishment of the province in 1679. An exceptional political history and character belonged to a group of towns of which Dunstable was the earliest settled. These were treated as Massachusetts territory without serious question for a considerable period, and for this reason much of their documentary history has been sought in the archives of that commonwealth. papers which pertain to the towns of this group are here included under the general title of "Massachusetts Grants," although the term may not be exactly descriptive.

As regards the mode of passing titles to the domain of the King in the province, in the period which followed the date of a settled government, it will be remembered

that the Governor and Council appointed by royal commission from time to time for purposes of administration in the province were empowered to dispose of lands in the King's name. As early as 1686, in the commission of Edmund Andros as Governor of the territory and dominion of New England, a specific grant and definition of the authority delegated for this purpose is made in the following terms:

"AND WEE do likewise give and grant unto you full power and authority, by and with the advice and consent of our said Council, to agree with the planters and inhabitants of our said territory and dominion, concerning such lands, tenements and hereditaments, as now are or shall hereafter be in our power to dispose of, and them to grant unto any person or persons for such terms, and under such moderate quitients, services, and acknowledgements to be thereupon reserved unto us, as shall be appointed by us, which said grants are to pass and to be sealed by our Seal of New-England, and (being entered upon record by such officer and officers as you shall appoint thereunto) shall be good and effectual in law against us, our heirs and successors."—2, Provincial Papers p. 9.

The commission of Joseph Dudley as Governor of the Province of New Hampshire, issued in 1702, contains a similar declaration, viz.,—

"And wee doe hereby likewise give and Grant unto you full power and Authority by and with the advice of our said Councill, to agree with the Inhabitants of our Province and Territories aforesaid for such Lands, Tenements, and Hereditaments as now are, or hereafter shall be, in our power to dispose of and them to Grant to any person or persons for such Termes and under such moderate Quitt Rents, services and acknowledgements to be thereupon Reserved unto us, as you by and with the Advice aforesaid shall think fitt; which said Grants are to pass and be Sealed by our Seale of New Hampshire, and being entered upon Record by such Officer or Officers as you shall appoint thereunto, shall be good and effectual in Law against us our Heires and Successors."—2, Provincial Papers, p. 373.

The New Hampshire grants made under these and succeeding administrations conform substantially to the form thus expressed. The quit-rents reserved were indeed "moderate." These clauses mention the payment for ten years of the rent of one ear of Indian corn only, and thereafter one shilling of proclamation money yearly for each hundred acres owned or possessed, and like nominal reservations.

The grantees under a charter became a quasi corporation in each instance. They were generally known in common and legal parlance as "proprietors." In that capacity they effected and maintained organizations which disposed of the land taken in a large body under the charter of the proprietors or others as individuals. Thus the township, that is, the land which was the subject of the grant, was surveyed and divided into lots suitable for farms, mill privileges, or public uses. The individual obtained his title from the corporation, that is to say, from the proprietors or the proprietary, as it was sometimes termed. The distribution among the proprie-

PREFACE. V

tors of the fractional parts into which the township was divided might have been by lot, or by vote of the corporation, or by deed. In either event the individual grantee was invested as to his holding, with all the right and title which passed from the King to the corporation. As the division and distribution of the township as a territorial property progressed, the functions of the corporation were proportionately limited, and eventually ceased for want of subject-matter on which the corporate powers might operate.

The records which will be included in this and subsequent volumes are generally termed "town charters." They may be considered as in three principal classes: first, those which conveyed title to townships and lesser tracts within the territorial limits of New Hampshire, but were issued under authority of the Massachusetts government; second, those grants made by authority of the Governor and Council of the Province of New Hampshire, acting directly under royal commission; third. the Masonian charters, or grants made by the proprietors of the Masonian title, which has been a familiar subject in New Hampshire history from its beginning.

In the arrangement of the material which follows, the first in order are the socalled Massachusetts grants, which were a practical assertion of jurisdiction and the right of possession and disposal, comprehending, at one time, all the territory south of an east and west line in which Endicott Rock at The Weirs is a monument, and afterwards a more limited area. These documents are principally from the Massachusetts archives, and were carefully selected and transcribed for this use by Mr. Otis G. Hammond, who personally made the copies, and subsequently compared the transcripts with the originals with the utmost care. Some of these papers are of a very early date, but the greater part belong chronologically in the few years immediately preceding the settlement of the boundary line controversy in 1741. The efforts of Massachusetts to plant settlements friendly to their interests in the disputed region were discontinued about this time, but petitions and other documents which were the aftermath of the principal contention are included, and placed in their proper town sections. The two towns of Rindge and Salisbury, in this class, were granted to the same body of petitioners, and by one vote of the Massachusetts legislature. This vote will be found with the Salisbury papers. Reference should be had to Vol. XIX for the material which is of more general interest in the history of the boundary line controversy. Its later aspects may be studied in the recent reports of the commissioners of the two states principally interested, to whom the subject has been committed.

The next in order are the charters granted by the provincial Governor and Council of New Hampshire, to which reference has already been made. The original instruments were issued to the grantees named, but copies were kept in the office of the Secretary of the province. These are preserved in five volumes, which accompanied the last royal Governor, John Wentworth, into exile in 1775, but were considerately returned to the state after the Revolution. These grants will

be presented in two sections, the first being those relating to lands within the present limits of this state, and the second comprising the so-called New Hampshire Grants, which are now within the jurisdiction of Vermont.

The Massachusetts government, beset with numerous petitions for lands, finally came to the point of granting townships, not only singly, but in contiguous series, commonly termed "lines of towns," all the towns in a certain line being disposed of by a single act. These lines were planned to most effectually protect the frontiers, and the four lines laid out within the present limits of this state, had they been completely settled, would have formed an irregular quadrilateral, the sides extending from Old Dunstable to Northfield, Mass., thence up the east side of the Connecticut River, thence across the country in a comparatively straight course to Penacook, now Concord, thence down the Merrimack River to Dunstable again. The lines from Penacook to the Great Falls in Connecticut River and down the river on the east side are the only sides in which the idea was carried out to any important extent, according to the documents we have, the towns in the other two sides being afterwards disposed of singly. The towns in the north side of this figure were numbered from 1 to 9, and comprised Warner, Bradford, Acworth, Alstead, Hopkinton, Henniker, Hillsborough, Washington, and Lempster, in the order named. The west side consisted of Chesterfield, Westmoreland, Walpole, and Charlestown, numbered from 1 to 4. The papers relating to these lines of towns in general and to no one town in particular, occupy the first place in the appendix.

Besides these, there are three other instances of collective grants, though the townships under these grants were not laid out in lines, but rather in bodies or wherever suitable territory might be found. The Ashuelot townships, so named from their situation on the Ashuelot River, were our present towns of Keene and Swanzey. The Canada townships were granted to survivors and descendants of deceased participants in the Canada expedition of 1690. The towns of Dunbarton, Lyndeborough, New Boston, Richmond, Rindge, Salisbury, and Weare were originally granted to these men. The survivors of the Narragansett War and the heirs of those who lost their lives in the service, or of those who were otherwise deceased meantime, also received grants at the rate of one township of six miles square for every one hundred and twenty persons. A list of these claimants showed that eight hundred and forty persons were entitled to considerate tion, and afterwards two hundred and thirty-two more were found, making one thousand and seventy-two, calling for nine townships. Only three of these, Amherst, Goffstown, and Bedford, were in this state, and they were numbered 3, 4, and 5. The others were located in Maine and Massachusetts. Papers relating to these three bodies of towns are also contained in the appendix. The remainder of the appendix is occupied by documents relating to the settlement of the boundaries between various towns.

PREFACE. vii

The third and last instalment will include the grants made under authority of the Masonian Proprietors. The Masonian title extended over a considerable portion of that part of the state which had been relieved of the claim of Massachusetts by the King's decree in 1741, as well as to territory elsewhere within the bounds of the original Masonian patent. While the claim of Mason appears as an important factor in New Hampshire history for a hundred and fifty years or more from the publication of the Masonian patent, its existence had been more a subject of legal and political contention than a foundation for quiet and peaceable possession of lands by actual settlers, until it became the property of a syndicate of twelve persons in 1746. The history of the title is outlined in the early chapters of Belknap's History of New Hampshire, but the account of the transactions by which it passed to this proprietary is given in his chapter XXI. It appears that these parties for prudential reasons immediately quit-claimed title to certain towns within the limits of their purchase which had at that date been substantially settled. The original deed is in the Masonian Papers, Vol. 1, page 57, dated July 31, 1746, and the towns named therein are Portsmouth, Dover, Exeter, Hampton, Gosport, Kingston, Derry (Londonderry), Chester, Nottingham, Barrington, Rochester, Canterbury, Bow, Chichester, Epsom, and Barnstead.

It will not be timely here to extend the account of the proceedings of these new owners of the Masonian lands farther than to state that they exercised their rights of property by disposing of townships in a manner quite similar to that which had been followed in the grants by the Governor and Council in the latter part of the provincial period. The terms, conditions, and reservations of their grants are briefly stated by Belknap, Farmer's edition, p. 299, and the text of any of these instruments in its full extent may be examined with advantage to the student of the subsequent volumes, in which they will be reproduced. One of these charters is printed in full in the History of Rindge, chapter 11, which contains a clear and adequate exposition of the results which followed this revival and recognition of the Masonian title. It may be remarked that the grantees' and surveyors' plans which accompany the grants are in all cases copied and used as illustrations so far as available. Whenever the record or text of the grant is unaccompanied by a plan, it is in the exceptional instance that none has been preserved.

In the consideration of this work a marked distinction should be recognized between the township charters and the acts of incorporation. A part of the charters emanating from the Governor and Council seem to combine some of the elements of the ordinary municipal act of incorporation with terms apt for the transmission of title to land, and various privileges respecting it. The charter of Kingston, 1694, not only conveys to the inhabitants the township with the streets, lanes, and highways, but it also makes provision for the political organization of the town. The charter of New Castle, 1696, is to the same effect.

But in the Massachusetts grants and in those issued under the Masonian authority,

there is no attempt to confer political privileges on the grantees. It was understood that these privileges were to be derived from the general or special acts of the assembly regulating the assumption of municipal organization by the people of the towns considered as a territorial unit. This was the theory on which town government was developed when settlements had been effected under the charters. It may not be possible in all cases to trace this development in its regular stages. logical order was, first, the township charter, and, second, the act of incorporation. The authority for the assumption of the powers and privileges of municipal selfgovernment is sometimes found in the terms of the charter, and sometimes in special legislative acts of incorporation. In a few instances the inhabitants of towns seem to have assumed the functions of organized towns without these usual legal Bow v. Allenstown, 34 N. H. Reports, 351. As a rule, however, the history of the origin of municipal government in the several New Hampshire towns is not obscure. The granting of bodies of land as townships to a number of grantees, whether by the intervention of province authority or through the Masonian proprietary, was quite another affair. The act was by a formal instrument of conveyance to a number of persons duly named as grantees. In a large number of our own province charters it will be noted that the elements of an act of incorporation for the exercise of political powers are not included.

As the towns became stronger and more populous, it was not infrequent that parishes were erected by acts of the assembly. The towns often covered a large territory, hence the extension of settlements and changes in the centres of population demanded additional places for religious worship and consequent division of the the towns as church supporting establishments. This was one stage in the breaking up of the old towns, which preceded the erection of new ones upon the framework of the parish. The functions of this class of municipal corporations were well defined, and the transition from parish to town was the usual result of the parish establishment. (IX. Bouton, Town Papers, 717.)

A comparison of those township charters which were drawn simply for the purpose of passing a township of land to designated grantees, with acts incorporating towns and parishes, will indicate more clearly the radical distinction between the latter as municipal corporations established for the administration of political affairs, and the former as quasi corporations established, as was said in the case of Wells v. Burbank, 17 N. H. Reports, 393, for the sale and partition of lands.

The publication of these instruments with the accompanying papers will open new opportunities for the study of features of local and state history which have hitherto been obscure. The original titles to the subdivisions of large areas will be made accessible to all who are interested in examining them. The movement of population on the several lines over which the settlement of regions outside the four ancient towns of the province of New Hampshire, can be more accurately and systematically traced by the names of grantees, and by the dates of grants which mark

the extension of emigration in all directions over New Hampshire and Vermont. Carefully prepared and complete indexes to the names of all persons and places mentioned in the volume will render their contents immediately available for refer-The township maps which are prepared for this volume are copies of those of Blanchard and Langdon, Jeffries, and Holland. The papers in the body of the volume are arranged alphabetically under the modern names of the towns to which they relate. The preliminary note under each caption contains citations to the principal publications on the local history of the towns. There are many works of the gazetteer class which give summaries of town history and statistics. As these have not been cited in the town notes, it will suffice to mention them by titles in this connection. In the order of publication are Merrill's, 1817, pp. 231; Farmer and Moore's, 1823, pp. 276; Heywood's (New England, with treatment of N. H. towns), 1839; New Hampshire As It Is, by E. A. Charlton, 1856, pp. 592-4; Coolidge and Mansfield's History of New England (with N. H. section), 1858; Fogg's Gazetteer, 1874, pp. 647. The Walling series of county maps, 1860, give town geography in minute detail, and are intended to name and locate each householder, most of the places of business, and the public and religious establishments. The Atlas of New Hampshire is a later effort in the same direction but the results are presented in a different form. See mention of N. H. maps, by William Little, X, Granite Monthly, p. 360, and Hitchcock's Geology of New Hampshire, chapter on topography, vol. 1, p. 169. Other lines of New Hampshire historical literature are of necessity in part general and in part local in their subject-matter and method. Such are Potter's "Military History," 1866-'68; Moore's "Printers and Printing," 1886; Bell's "Bench and Bar," 1894; Chapin's "New Hampshire Poets," 1883; Watson's "Physicians and Surgeons," in press; Carter's "Native Ministry," in preparation. Picturesque New Hampshire has been treated in a class of literature which embodies much of local history and description. Among the more important are N. J. Bachelder's "Summer Resorts," and Sweetser's "White Mountains." See also the editor's note on historical literature of New Hampshire now in preparation, Vol. XIV of the Granite Monthly, p. 365.

In the consideration of these towns as factors in government, and in the review or continuation of such studies as have been made by the authors of De Tocqueville's "Democracy in America," Bryce's "American Commonwealth," Joel Parker's "New England Towns," and Dillon's "Municipal Corporations," recourse should also be had to the reported decisions of the Supreme Court. So far as they relate to town history, town government, and other subjects of local concern, they are readily accessible by the aid of the digests of decisions, in the municipal clerks' offices, and in law libraries, and are replete with information and suggestions.

The more general questions of boundary, as that of Canada, affecting especially the Indian Stream territory, and that of Maine, of Massachusetts, and of Vermont, enter very largely into the history of the border towns, but a general reference to the literature of those controversies, hereafter cited, suffices for the present purpose. The compilation of material for this series of volumes of town charters and the accompanying illustrations has necessitated extensive research, and has taken many directions and brought us in contact with, and placed us under obligations to many persons, in private as well as in official relations. With regret we find it impracticable to make full mention of all who have cordially rendered aid by responding with important information, and by other active coöperation. But principal among these are Secretary Olin, of Massachusetts, Secretary Stearns, of New Hampshire, and Mr. Hammond, our efficient office assistant. Governor Smith and members of his council have manifested an interest in the undertaking which has made them familiar with its progress, and rendered its presentation in these and the succeeding volumes more complete in form, and more satisfactory in substance.

The next volume to be issued will be on the same general plan as this, and will be a continuation of the New Hampshire provincial charters.

A Petition of Joseph Weld, Joseph Ruggles, and Ebenezer Pierpont, a Committee of the Proprietors of the Township Number Three in the Line of Towns, shewing the Land in said Township Number Three, on a View of it in the Years 1737 and 1738, is so rough and mountainous, as renders it unfit for Settlement, altho' the said Proprietors have been at upwards of three hundred and fifty Pounds Charge in using Methods for Settlement, pray-

ing they may be allowed a Grant of a new Township in lieu of said Number *Three*, for the reasons mentioned.

His Honour the Lieut Governour have communicated to the Board a Letter from the Honble John Wentworth Esqr Lt. Gov of New Hampshire dated the 23rd of February last touching a Vote of ye Gen¹ Court of this Province granting a Township at Pennicook & suggesting that the same encroached on ye bounds of that Province

The Board are of Opinion the said suggestion is alltogether groundless for that the Committee impowered to lay out the Township cannot by that Vote extend above three miles Northerly from the River Merrimack or any part thereof for y° North Bounds of the said Township.

A Memorial of the Settlers admitted to bring forward the Settlement of the Township lately granted at *Penny-Cook*, praying that they may be allowed to make their Settlements on the Westernside of the River *Merrimack*, that they may have an Equivalent for 500 Acres of Land which falls within the Grant of the said Township on the East-side of the River, and was formerly confirmed by this Court, to satisfy a Grant made to the late Honourable Governour *Endicott*, and also that the *Five Pounds* each Settler was Ordered to pay at the drawing of his Lott may be abated, for the Reasons mentioned. Read and referred to the next Fall Session for further Consideration.

William Tailer from the Committee on the Affair of Pennicook

Gave in the following Report Vizt:

The Committee appointed by the Great and General Court in their Sessions begun and held in November last to bring forward a Settlement and admit one Hundred persons therein on a Tract of Land lying on Merrimack River at a Place there known by you Name of Pennicook and having given Sufficient Notice to any Persons that were ready and would engage in the Settlement, To meet the Committee at Haverhill the first week in February last The Committee at that Time and Place admitted one Hundred Persons or Grantees into the Said Tract or Grant Giving Preference to the Petitioners that appeared to us most Suitable therefore, & in May last we proceeded to the Place in Order to lay out you

whole Township, and the Lotts directed in the Order of the General Court beginning at the Mouth of Contoocook River where that joyns Merrimack River, and thence ran a Line East 17 Degrees North three Miles and upon a Course West 17 Degrees South four Miles And So at Right Angles from the Extreams of Each of yo Aforesaid Lines Seven Miles Southerly Each, and thence from the Termination of the Seven Miles which compleats the Grant and is according thereto, And upon View and Strict Survey of the Lands on the East Side of Merrimack we find that there is little or no Water,—The Land near the River extream Mountainous and almost Impassible And very unfit for and uncapable of Receiving Fifty Families as the Court has ordered, more especially considering That near y Centre of the Town on y East Side of the River Merrimack, The Honble Samll Sewall Esqr has a Farm of Five Hundred Acres of Good Land formerly granted by this Court and laid out to Governour Endicott, The Committee therefore with Submission to the Honble General Court thought it advisable and accordingly have laid out one Hundred & Three Lotts of Land for Settlements on the West Side contiguous to each other regularly and in a Defensible Manner, as by the Platt of them and of the whole Grant (which is hereby presented) will appear And inasmuch as the Generality of the Land answers not the Grantees Expectations and five Hundred Acres laid out as afores^d Humbly offer, That the like Number of unappropriated Lands adjacent to ye Township made be made to the Settlers as an Equivalent therefor.

In the House of Representatives Read and Ordered that this Report be so far Accepted as that the Settlers or Grantees be and hereby are Impowered and Allowed to make their Settlements on the Westⁿ Side of the River Merrimack according as is proposed in the Said Report, and projected in and by Said Plan the former Order of this Court Notwithstanding, and the Said Committee are directed to proceed Accordingly.

A Memorial of the Settlers admitted to bring forward the Township lately granted at *Penny-Cook*, praying That an Equivalent for 500 Acres of Land which falls within the Grant of the Township formerly made & confirmed to satisfy a Grant made to the late Honourable Governour *Endicott* may be made them as to Quantity & Quality; and that the 1.5 to be paid by each Setler at the drawing his Lot may be abated, as Entred the 15th of June last, and referred to this Session. Read.

And the House took under Consideration the subject Matter of the said Petition; and Unanimously Resolved, That in Consideration of the 500 Acres of Land, formerly Confirmed by this Court to satisfy a Grant made to the late Honourable Governour Endicott, which falls within the Lines of the said Township, the Petitioners be and hereby are allowed and impowred by a Surveyor and Chain-Men on Oath, to extend the South Bounds of their Township One Hundred Rods, the full Breadth of the said Town; and the said One Hundred Rods of Land is hereby accordingly Granted & Confirmed unto them as an Equivalent, and in Satisfaction of the aforesaid Five Hundred Acres confirmed to satisfy the Grant to the said late Governour Endicott. A Memorial of the Persons lately admitted to bring forward a Settlem at Penicook, Shewing that whereas this Court have been pleased to make a Grant of a Tract of Land of seven Miles square at a Place called Penicook on each Side of Merrimack River, It was Ordered that the Settlers at their own Cost should have the Land divided into One Hundred & three equal Parts as to Quantity & Quality, & that the first fifty Allotments should be begun & perfected on the Eastern Side of the River, the Memorialists would have cheerfully complied with the said Order & therefore waited on the Committee of this Court with Surveyors & Chain men upon Oath to Survey the said Land according to the Grant; But so it happen'd that in Laying out the Allotments on the East Side of the River, they discovered a Tract of Five Hundred Acres of Land granted to the late Governor Endicot, Of which Two Hundred Acres are Interval, lying in the very Center of the said Eastern Part; Which renders the Settlemt of the first fifty Lots impracticable; But the Lands on the Western Side of the River are very accomodable for making a handsom & regular Settlemt And therefore Praying that they may be allowed to settle (as they may in a regular compact & defensible manner) on the Western Side of the River (The Interval on the East lying convenient for Improvemt in General Fields,) And also that this Court would please to allow an Equivalent for the said Five Hundred Acres formerly granted to the late Govern' Endicot, And in Consideration of the Distance of the Place from any English Settlem^{ts} & that in all Probability it will be a Frontier for a long Time to come & will cover the Towns within, in Case of a Rupture with the Indians,

That the Court would please to remit the Payment of the Five Pounds ordered to be paid by each Settler at the Time of drawing his Lot.

In the House of Represent Read, And the House having

taken into Consideration the Subject Matter of this Petition;

Unanimously Resolved that in Consideration of the Five Hundred Acres of Land formerly confirmed by this Court to satisfy a Grant made to the late Honble Govern Endicot; Which falls within the Lines of the said Township, the Petitioners be & hereby are allowed & impowered by a Survey & Chain men under Oath, to extend the South Bounds of their Township One Hundred Rods the full Breadth of the said Town, And that the said One Hundred Rods of Lands is hereby accordingly granted & confirmed as an Equivalent, & in Satisfaction of the aforesaid Five Hundred Acres confirmed to satisfy the Grant of the late Govern Endicott.

And in Consideration of the Distance of the Grant of the said Township from any English Settlem^t & to encourage the Settlers to make a speedy & effectual Settlement of the Township; which may be of great Service & Security to some Part of the Western Frontiers, that the Sum of Five Pounds ordered to be paid each Settler at the Time of Drawing his Lot shall be & hereby is abated to the said Settlers, And the Committee for effecting & bringing forward the said Settlement are hereby directed & impowered to admit the Settlers to draw their respective Lots accordingly; The former Order of the Court Notwithstanding.

[Petition of Timothy Walker, Jr., and Others for Equivalent to Penacook Grant, 1774.]

[Mass. Archives, Vol. 118, p. 751.]

To His Excellency Thomas Hutchinson Esq^r Captain General & Governor of the Province of the Massachusetts Bay

To the Honorable His Majesty's Council and House of Representatives of said Province in General Court assembled Boston Jan 26. 1774

The Petition of Timothy Walker Jun on behalf of himself and

Associates humbly sheweth

That They and their Ancestors in the year 1725 for a valuable Consideration purchased a Township of a little more than Seven Miles Square of this Government at a Place then called Pennicook afterwards Rumford on Merrimack River, That not at all doubting the Authority of this Government to make the said Grant, the Grantees, notwithstanding the extreme difficulty & Cost of effecting a settlement so far up in the Indian Country at that Time, yet so vigorously applied themselves thereto, that in the year 1733, consequent upon yo Report of a Committee sent by them to view the same, The then General Court of this Province declared that the Grantees had to full satisfaction fulfilled the Terms of their Grant, & incorporated them by the Name of Rumford, That by the determination of the Boundary Line between this Province and that of New Hampshire by his late Majesty in the year 1740 the said Township fell near Fory Miles to the Northward of the dividing Line, That about the 1749 a Society under a Grant from the Province of New Hampshire began to molest us in our Possessions and sued us in several Actions of Ejectment and always recovered against us in the Courts of New Hampshire, In this distressed State of our Affairs we applied to this Government to enable us to lay our Case before his Majesty by Way of Appeal, That by virtue of several Grants from this Government amounting in the whole to about the original purchase Consideration together with simple Interest for the same and also by much larger Sums raised amongst ourselves we have been enabled to prosecute two Appeals to his Majesty, and altho' in each we obtained a reversal of the Judgment that stood against us here, yet the Royal Order extending in express Terms no farther than the Land sued for, the advantage fell far short of the Expence, and our Adversaries went on troubling us with new suits, Thus exhausted and seeing no end of our Troubles, we have been reduced to the necessity of repurchasing our Township of our Adversaries at a Rate far exceeding its Value in its rude State, That we have been at considerable expence in taking a View of a Tract of Land on Ammoroscoggin River on the Easterly side of Fullers Town (so called) which we apprehend would answer for a Township. We therefore Humbly Pray, That your Excellency & Honours would be pleased so far to pity our hard Case as to make us a grant of a Township at the said Place to lie on each side of Ammoroscoggin River of equal extent with that formerly granted us by this Province on such reasonable Terms as you shall think proper, And your Petitioners shall as in Duty bound ever pray

To His Excellency Jon^a Belcher Esq^r Captain General and Governour in Chief &c The Hon^{ble} the Council and House of Rep^{tives} in General Court Assembled at Boston November the 29th 1738—

The Petition of the Subscribers Inhabitants and Proprietors of

the Towns of Dunstable and Groton—Humbly Sheweth—

That your Petitioners are Situated on the Westerly side Dunstable Township and the Northerly side Groton Township those in the Township of Dunstable in General their houses are nine or ten miles from Dunstable Meeting house and those in the Township of Groton none but what lives at least on or near Six miles from Groton Meeting house by which means your petitioners are deprived of the benefit of preaching, the greatest part of the year, nor is it possible at any Season of the year for their familys in General to get to Meeting under which Disadvantages your pethas this Several years Laboured excepting the Winter Seasons for this two winters past, which they have at their Own Cost and Charge hired preaching amongst themselves which Disadvantages has very much prevented peoples Settling land there—

That there is a Tract of good land well Situated for a Township of the Contents of about Six miles and an half square bounded thus, beginning at Dunstable Line by Nashaway River So running by the Westerly side said River Southerly One mile in Groton Land, then running Westerly a Paralel Line with Groton North Line, till it comes to Townsend Line and then turning and running north to Grotton Northwest Corner, and from Grotton Northwest Corner by Townsend line and by the Line of Groton New Grant till it comes to be five miles and an half to the Northward of Groton North Line from thence due east, Seven miles, from thence South to Nashua River and So by Nashua River Southwesterly to Grotton line the first mentioned bounds, which described Lands can by no means be prejudicial either to the Town of Dunstable or Groton (if not Coming within Six miles or thereabouts of either of their Meetinghouses at the nearest place) to be taken off from them and Erected into a Seperate Township---

That there is already Settled in the bounds of the aforedescribed

Tract near forty familys and many more ready to come on were it not for the difficulties and hardships afores of getting to Meeting—These with many other disadvantages we find very trouble-some to Us, Our living So remote from the Towns We respectively belong to—

Wherefore your Petitioners most humbly pray Your Excellency and Honours would take the premisses into your Consideration and make an Act for the Erecting the aforesaid Lands into a Seperate and distinct Township with the powers priviledges and Immunities of a distinct and Seperate Township under Such restrictions and Limitations, as you in your Great Wisdom Shall See meet—

And Whereas it will be a great benefit and Advantage to the Non resident proprietors owning Lands there by Increasing the Value of their Lands or rendering easy Settleing the Same, Your Pet^m also pray that they may be at their proportionable part according to their respective Interest in Lands there, for the building a Meeting house and Settling a Minister, and so much towards Constant preaching as in your wisdom Shall be thought proper—

[Report of Committee on Foregoing Petition, 1739.]

[Mass. Archives, Vol. 114, p. 272.]

The Committee Appointed on the Petition of the Inhabitants and Proprietors Situated on the Westerly side of Dunstable and Northerly side of Groton, Having after Notifying all parties, Repaired to the Lands, Petitioned to be Erected into a Township, Carefully Viewed the Same, Find a very Good Tract of Land in Dunstable Westward of Nashaway River and between sd River and Souhegan River, Extending from Groton New Grant and Townsend Line Six Miles East, Lying in a very Commodious Form for a Township, And on said Lands there now is about Twenty Families, and Many More Settling, that none of the Inhabitants live nearer to a Meeting House then Seven Miles and if they go to their own Town have to pass over a ferry the greatest part of the Year. We also Find in Groton a Sufficient Quantity of Land Accommodable for Settlement, and a Considerable Number of Inhabitants thereon, that in Some short Time when they are well Agreed may be Erected into a District Parish; And that it will be very inconvenient to Erect a Township in the Form prayed for or to Break in upon Either Town. The Committee are of Opinion that the Petitioners in Dunstable are under such Circumstances as necessitates them to Ask Releif which will be fully Obtained by their being made Township, Which if this Honble Courtt should Judge necessary to be done; The Committee are Further of Opinion that it Will be greatly for the Good and Interest of the Township that the Non Resident Proprietors, have Liberty of Voting with the Inhabitants as to the Building and Placing a Meeting House, and that the Lands be Equally Taxed, towards said House And that for the Support of the Gosple Ministry among them the Lands of the Non Resident Proprietors be Taxed at Two pence per Acre for the Space of Five Years.

All which is Humbly Submitted in the Name & by Order of the

The Answer of your Subscribers agents for the Town of Groton to your Petition of Richard Warner & others praying that part of Said Town with part of Dunstable may be Erected into a Distinct & Seperate Township—

May it please your Excellency & Honr

The Town of Groton Duely Assembled and Taking into Consideration you Reasonableness of Said Petition have Voted their Willingness That the prayer of you Petition be Granted as their vote herewith humbly presented appears, with this Alteration Namely That they Include the River (vizt Nashua River) over won is a Bridge, built Intirely to Accommodate Said Petitioners heretofore, & your Respondents therefore Apprehend it is but Just & Reasonable the Same should for the future be by them Maintain'd

if they are Set of from us

Your Respondents Pursuant to yo Vote Aforesaid humbly move to your Excellency & Hon That no more of Dunstable be Laid to Groton Then Groton have voted of, for one Great Reason that Induced Sundry of yo Inhabitants of Groton to come into Said Vote was This Namely They owning a very Considerable part of the Lands Voted to be Set of as afores were willing to Condesend to yo Desires of their neighbours Apprehending that meeting House being Erected on or near yo Groton Lands & a minister Settled it would Raise their Lands in Vallue but should a Considerable part of Dunstable be set of more then of Groton it must of Course draw the Meeting House farther from yo Groton Inhabitants won would be very hurtfull both to the people petitioners & those that will be Non Resident proprietors if the Township is made

wherefore they pray That Said New Township may be Incorporated Agreeble to Grotons Vote vizt made Equally out of both

Towns & as in duty bound shall Ever pray

Province of y° To His Excellency Jonathan Belcher Esqr Gov-Massits Bay Sernour &c To The Hon! His Majesty's Councill & House of Representatives in Gen! Court Assembled December 1739—

Whereas Some few of the Inhabitants of Groton & Dunstable have Joyned in their Petition to this Hon¹ Court to be erected with Certain Lands into a Township As & their Petition entered the 12th Currt which prayer if granted will very much Effect yo Quiet & Interest of the Inhabitants on the northerly part of Groton

Wherefore the Subscribers most Humbly begg leave To Remonstrate to yo Excellency & Honn the great & Numerous Damages that wee and many Others Shall Sustain if their Petition Shou'd be granted and would Humbly Shew—

That the Contents of Groton is abt forty Thousand Acres Good Land Sufficient & happily Situated for two Townships, And have on or near Two Hundred & Sixty Family's Setled there with Large Accommodations for many more—

That the land pray'd for Out of Groton Could it be Spared is in a very Incommodious place, & will render a Division of the remaining part of the town Impracticable & no ways Shorten the travil of the remotest Inhabitnia.

That it will leave the town from the northeast end to the Southwest end at least fourteen miles and no possibillity for those ends to be Accommodated at any Other place weh will render the Difficulties we havelong Laboured under without Remidy—

That part of the lands Petitioned for (will when This Hon' Court Shall see meet to Divide us) be in & near the Middle of one of yo Townships—

And Altho the number of thirteen persons is there Sett forth to Petition.—it is wrong and Delusive Severall of them gave no Consent to Any Such thing And to Compleat their Guile have entered the names of four persons who has no Interest in that part of the town viz Swallow Tucker Ames & Green That there is near Double the number On yo Lands Petitd for and Setled amongst them who Declare Against their Proceedings. & here Signifie the Same That many of us now are at Least Seven miles from Our meeting And the Only Encouragement to Settle there was the undeniable Accommodations to make An Other town without wen

we Should by no means have undertaken-

That if this their Pet Shou'd Succed—Our hopes must Perrish thay by no means benifitted—& we put to all the Hardships Immaginable. That the whole tract of Land thay pray may be Taken Out of groton Contain about Six or Seven Thousand Acres, (the Quantity And Situation may be Seen on yo plan herewith And but Abt four Or five hundred Acres therof Owned by the Peti¹⁸ And but very Small Improvements On that—Under all web Circumstances wee Humbly Conceive it unreasonable for them to desire thus to Harass and perplex us. Nor is it by Any means for the Accommodation of Dunstable thus to Joyn who have land of their Own Sufficient and none to Spare without prejudicing their begun Settlement Wherefore we most Humbly pray Y Excellency & Hon^{re} to Compassionate—Our—Circumstances And that thay may not be Sett off And as in Duty bound &c

Province of y° To His Excellency Jonathan Belcher Massachusetts Bay Sesq Governour &c To The Hon his Majesty Council & house of Representatives in Gen Court Assembled December y° 26 1739

Whereas Some few of the Inhabitants of Dunstable And Groton at and near Nissitissett (so Called) have Joyned in their Petition to this Hon¹ Court, as entered the 12th Curr^t Praying that Certain Lands in Groton together with part of Dunstable may be erected into a township—

Wherefore Wee the Subscribers being Authorized thereunto by The Town of Dunstable most Humbly beg Leave to remonstrate, the greate Difficulties And hardships (should their request be

granted) it wou'd put us to-

first—Because the Lands in Dunstable (as reported by the Comton of this Hon Court, who went to view) are in a Sutable & Commodious form to be a Seperate Township And good Land Sufficient to make a Compact & good Town And so Situated that Should the Southerly part be taken off to groton it would render it Improbable for many of the Inhabitants now Settled there and those who will hereafter—which many is prepareing to do, ever to be Accommodated to Any Other meeting—

And Altho the Original Grant of Our Township Included a Large Quantity of Land, Yet greatest part therof was in farms before—nor had the grantees or Settlers very Little Benfit by any Excepting what Lyes in the Said tract at Nissitissett; in all Other parts the Lands was mean And Slips Left amongst the farms all the good Lands on Merrimack Nashua & Souhegan Rivers and almost All Other good Spots, was before granted (Excepting what Lay there) so that very Considerable part of Our first Divisions has been Lay'd Out at and near the sd Nissitissett.—

The Remoteness of those lands And the Lamentable Experience of the Danger of Indians Compelled us (in Order to Comply with yo terms of Our grant, to buy the farms on Merrimack where we are now Settled, And Altho Our Town has been thus Settled this Sixty years Our Families & Estates we may say has usually Served

for a yearly Sacrifice for the Heathen-

That the Lands at and near Nissitissett which was all the benefit we Could promis Our Selves; at so Dear a price, has now a fair prospect If we may not be hack't by Other Towns, when we can Settle those Lands (which has for Some time made Considerable Progress) in some very Small degree make up for our former Sufferings. but if half a township Should be Sett to Groton Our hopes would prove Abortive And Our gains Immaginary for very Considerable part of our Interest there. (which Our more then forty Years hardships in this wilderness has procured & those Lands never Accommodated to Any Other place And Altho the

Contents in Dunstable is more then Six miles North And South. Yet ther's not more than that Distance from Groton line that can Admitt of Settlement, And Come that way by Reason of Mountainous & Barren Lands As by a Comtoo of Dunstable was Observed to the Hon! Comtoo who went to view (when On the Spot) and a Further view Insisted on unless Groton, And the petim would Alow & own, which they readily did—And that in Laying out our Lands we Suted our Division for the making a township wholly in Dunstable And the present Inhabitants Are Settled there Accordingly under that Expectation Nor is there Any one Nonresident proproshose Genn Interest it wou'd be to have Any Off our Lands Joyned to Groton nor reason to Suspect it, unless Some wrong Suggestions has been made, and then twou'd only Touch the ears of those who never Saw the place

When yo Comtoo before mentad was On yo Spot the nonresident Propto had been Duly Notified, And many of them by them Selves or Agents Appeard And Signified their unwillingness And the Disadvantage it wou'd put them Under to be Joyned to Groton—

And Wee beg Leave farther Humbly to Shew That thay have pretended the Names of ten persons in Dunstable to that Petin were is unfair And A Sham, for Some of them Never Consented to Any Such Request As & Certificates herewith, And two more of them has not One peneworth of Real Estate in Dunstable, vizt Gideon Houe & Phillip Olerick (or) Wolrick, the Sa Gideon being a minor And only transiently there his Guardian nor Relations has no Interest in that part of the town nor knew of his Name being thus Used. by them in Any Petin—

And had thay thus Increased their numbers Still. it would have Served for but A mere Amusement——

The Whole Quantity of Lands Owned by them all in Dunstable. Amounts to but About five Hundred Acres w^{ch} is not more then the fortieth part.——

And tho thay have been pleased to Sett forth Samuel Parker as One of the Inhabitants of Dunstable, tis making their work all of a peice for their is no Such Inhabitant in the Town nor ever was

And upon the whole we Humbly Conceive their Request to be altogether unreasonable. And that if desining men are thus mitted to force their Scheems & Perplex their neighbours without Any Umbrage or Shadow for what thay do 'twill give us Continual trouble—

Wherefore we most humbly pray Your Excellency & Honn to take the premises into Your wise Consideration And that No part

of the Lands in Dunstable may be Sett of to Groton And As in Duty Bound Shall ever pray—

To the much honoured Generall Court of the Massachusets assembled at Boston May 19: 1669: the humble petition of the inhabitants of oyster River is as followeth:

The consideration of your prudent and pious care for the carrying on, the main end of planting this colonie, in the setling religion, and promoting the welfare of souls in everie part of it subject to your goverment, doth imbolden us (who are also in some measure sensible of the great end we came into the world for, the advancement of the glorie of god in our own salvation) to present this humble address unto your selves: It is not unknown to some of you that the inhabitants of Dover (of whom for the present we are a part) manie years since, taking into consideration the intolerable inconvenience of our travail, manie miles, part by land, part by water manie times by both, to the publick worship of god, and the necessarie stay of manie of us from publick worship, who cannot undergo the difficulties of travail to it, it was then publickly agreed and concluded, that there should be two ministers at Dover the one in oyster River, the other at Dover neck, as appears by a town act, bearing date the fourteenth of the fifth fiftie one, the means of calling and maintaining both which are one, yet while we continue with them there is noe power improved on our behalfe, to that end, nor have we anie of our selves, whereby we have a long time, and at present groan under intollerable inconveniences,

our ministrie being greatly weakened, yea and hazarded thereby having neither head, nor hand, to move in order to calling when without, or setling and mantaing when obtained, and it being so difficult for us to attend civill meetings there that often most of us cannot be there, whence we are in danger to be neglected, or not so taken care of, nor our affairs so well provided for as if we were a township of our selves, we being in all two hundred and twentie souls, near fiftie families, seventy and od souldiers, a convenient number of free men, humbly request this honoured Court to grant us that so benificiall a priviledge of becoming a township with such bounds, as have been alreadie granted us, or shall be thought meet by this honoured Court, and for this end we have sent John woodman an inhabitant among us and give him power to join anie with him, as he shall see meet for you managing of this our petition, and prosecution of our further reasons; committed to him, should this honoured Court whose care we know extendeth to us among the rest of this colonie, vouchsafe us a favourable answer to this request where as as now our hearts and hands are weakened, in the work, provision for the ministrie standing at a stay, the old and young in families too much neglected others of good use who would join with us discouraged, untill wee become a township, some readie to leave us if things stand as they doe, we trust upon your grant you would soon finde our number increasing, our hearts and hands strengthened in the work of god, our care more vigorous for an able orthodox minister, our families instructed according to law, our selves growing in truth and peace to gods glorie, our content, and your good, and we shall not cease to pray to god almightie for a blessing upon you in all your weightie concerns and subscribe our selves yours in all humble observance

A Petition of Joseph Pike, in behalf of himself and others, that Purchased a Tract of Land of John an Indian, Heir of Penicook, in the year 1701. which Tract is Ten Miles Square, Lying to the Westward of Haverhill. Presented to the House, And Read

Shewing That sundry Irish People have Settled thereon and call

it Nutfield.

Praying, That the said Purchasers may have the said Tract Confirmed to them, or so much as falls within this Government.

Ordered, That Mr. Cooke, Capt. Gardner, and Col. Dudley, be a Committee to consider of the said Petition, and of the affair of Nutfield, and make a Report to the House what they think proper to be done.

[Mass. House Journal, Nov. 17, 1720.]

Mr. Cooke from the Committee appointed, made Report on the Petition of Joseph Pike, Committed the 15th Currant, which was accepted by the House, And accordingly

Ordered, That whereas James MacGregor, James MacKeen, and James Gregg, on behalf of themselves, and sundry others, by their Petition to this Court, at their Sessions in May, 1719. set forth that the Court in October foregoing, Granted them a convenient Tract of Land, of six miles square, and appointed a Committee to Lay it out for them in the Eastern Parts; and upon further Inquiry the Petitioners found a more convenient Tract of Land, about fourteen Miles from Haverhill; and that they had begun a Settlement there, and had increased to the Number of Fifty Families; and therefore Pray'd, that in case the Land should Lye within this Government, they might be formed into a Township, and till then, quietly possess and improve the said Lands unappropriated, free and clear from any Disburse. Which Petition was rejected.

And that some time since they have applied to the Government of *New-Hampshire*, and are made by them a Township, and have Civil Officers among them, for Governing their Affairs; which is a great and open breach upon the Jurisdiction of this Government, and may tend to deprive them of their just Rights, and Proprieties,

if not speedily prevented.

And whereas Joseph Pike, on behalf of himself, and others Inhabitants of this Province have made application, for a Grant

of those Lands for a Township.

Wherefore Resolved, That Capt. Gardner, Capt. Kimball, and Mr. Sanders, be Desired and Impowered (taking with them the Sheriff of the County of Essex; and such a Number of Men from Haverhill, or those Parts as may be needful) to Repair to the aforesaid Land, and view the several Houses, and other Improvements that have been of late made by those people thereon; and report the same to this House, & at the same time signific to the said James MacGregor, James MacKeen, and James Gregg, That they without delay come to the Court, and render the Reasons that induced them to proceed so far in their Settlements, without the leave or consent first had of the General Court. That this Court may take such further steps in this Matter, as they shall then think fit.

A Message from the Board, by John Wheelwright, Esqr. and Mr. Secretary Willard. Viz.

His Excellency observing a Mistake in the Votes of this Honourable House, of November 17. relating to Nutfield, in these words, And that some time since they have applied to the Government of New-Hampshire, and are made by them a Township, has directed us to acquaint you, that upon application made to him, and the Government of New-Hampshire, That they might be made a Town; his Excellency absolutely refused; giving them for reason, that it was doubtful, in which Province the Lands they were Settled on would fall.

And Col. Wheelwright acquainted the House, That he was present when the Nutfield People, Addrest themselves to the Governour and Council at New-Hampshire, to be made a Town, and that they were denied.

To the Hon¹ Spencer Phips Esq^r Leu^t Govenour & Comand^r in Cheif in and over his Majestys Province of the Massachusetts Bay: The Hon¹ his Majestys Councill And House of Representitives in Gener¹¹ Court Assembled at Boston yo 8th Day of April 1751:——

The Petition of Will^m Stickney Agent for and in the Behalf of the Propts of a Tract of Land the East Side of Merrymake River Known by the Name of Tyngs Town Granted by this Honl Court (now falling in the Province of New Hampshist) Humbly Sheweth——

That your Pet¹⁹ about the year 1726 made Application for a Town Ship of Some of the unappropriated Lands of The Province to Settle themselves & Famelys on to be Granted Them in Case their Services & Sufferings were thought worthy in their Arduos undertaking in the year 1703 Pursuing the Indian Enemy into their then own Country on Snow Shoes the First attempt of that Kind and attended with Success with Killing of Five Terryfieng & Preventing them of their Comon Winter Inroads on us as they had used before as \$\text{9} S^d Petit^n & Revivell of it in the year 1734: will Appear upon Which this Hond Court in the year 1735 Saw meet to Grant a tract of Land for a Town Ship the East side merrymack River Between & Adjoyning to Litchfield & Suncook or Lovewells Town in Consequence of that Petin under Condition of Setlement Subjecting the Grantees to Give Bond of Twenty Pounds Each Forseiture And to Return a Plan According to the Tenr of sd Grant all which was Complyed with by ye propts in the year 1736—& in order to pursue the Intention of the Grant they Divided the whole Township into Convenient Lotts, Built a meeting house Cleared the Roads & there being Severale Large Streams Made Good Bridges at a Large Expence Through the Town which was very Longe being but three miles wide and a Great part of the propts Soon Entered in Order For Complyance with the Conditions of the Grant, But the Unhappy Controversy between this Province and the Province of New Hampshire being brought forward and a Court of Comissoners in the year 1738 Sitting in order to Conclude that Affaire Some Desisted till they had their Determination, and that being Suspended for a further hearing before the King in Counc¹¹ Left yr Petitioners in Great Difficulty

many having bestowed Large Sums of money in Building & Improvements were Encouraged to pursue their Labour & others Entred in hopes of the Line being Setled in their Favour Till upward of Two Thousand pounds was Spent in Publick Charges of the Prop^{to}, besides all the Charges of Setlement—

That in the year 1740 the line was Determined against them And Deamed to be in the Province of New Hampshire—Where-upon they with Severall other towns Petitnd his Majesty to be Restored to the Massachussetts as they Expected at the time of their Grant, but with no Success—

That Soon after the arivall of Goven^t Wentworth and Hearing the Defeat of our Petition the Towns of Londonderry and Chester obtained orders From y⁶ Gov^t of N. Hamp^t For Running out their Bounds according to their Charters which being Done it was found that the S^d Tyngs Town fell all to a Trifle into the S^d Towns, their meeting house Sawmill and the Setlers being Included in them, which Towns Immediately Demanded the Possession and Entered

Themselves— — -

That your Petitioners thereupon Advised with many of the principal Gentlemen of this Government as well as the best Councell in the Law they Could Obtain and were Incouraged to Dispute their property in the Law which they have Done in the most Effectual method they Could and have been Harrased allmost every Court from the year 1742 to this day and the said Towns of Londonderry & Chester has Recovered the Possession & Turned out Every one who has had a final Trial Excepting one who for Some Special Reasons Peculiar to that Case did Obtain The Remainder of the Setlers Seeing their Distressed Circumstances and no way for Releif have Either deserted their Habitations or Compounded and purchassed at an unreasonable and Severe Price, have Little for their own Labour, Excepting one who is Yet in the Dispute, which Troubles in the Defence of their Rights has Cost them many thousands of pounds Exclusive of their Much greater Charges in Buildings and Improvements and now are Obliged to give over the Expectation of its Ever being any benifet to them

That the S^d Tract of Land the East Side the River did not Contain the Complement of six miles Square by 1680 Acres which they Laid out (and was Approved of by this Court) The west Side merrymack River About five miles Distance From Namaskeeg falls and as that Did not fall in Neither of the Towns Granted by New Hampshire, they Hoped to Enjoy that but Since about

two years ago Some Gentlemen Claiming the Right to the Lands Granted by the Crown To Capt John Mason Have Granted a Township to a Number of People there, which Includes the Sd 1680 Acres and they under Sd Masons Right have Actually Setled with a Number of Familys the Lands there Granted to your Petitioners so that on the whole wee have as wee Apprehend Lost the Benefit of The Whole Grant as well as Such a Considerable part of our Own Estats as afore Sd—

Butt being Sencible of the Design of this Hond Court to Distinguish them (not as Subjects of the Province but) for their Special merrit and Desert for their Suffering and Service in their Defence, to Grant that Land as a Reward, The Defeat therein Gives them Reason Humbly to Hope, that you will yet in this Respect take notice of us—

Wherefore your Petitioners most Humbly pray, that they may be favoured with your Attention to these their Uncomon Circumstances and that they may be Compassionately Helped Under their Extraordinary Loss and Disepointment and the Originall Design Obtained, by Granting them so much of the Unappropriated Lands of the Province in Some Convenient Place for Setlement under Such Conditions as may be thot fit, As will be Equall to their Necessary past Charges which They are Ready to Shew by their Accompts, and the first Design of a Town-Ship or otherwaies Relieve them in the premises as Shall in your Great Clemency and Wisdom be Thought Equitable for them, and your Humble peters as in Duty bound Shall Ever pray—

But the Indians were so Severely handled in this Engagement, It Struck Them with so much Terror, That the Government looked upon Lovewell & His Men so Eminently Serviceable by This & Their former Bravery, as That They were worthy of some particular Regard from the Publick-In Consideration whereof, The Government granted a Township

of Wilderness Land at Suncook, To the Heirs of the said Cap^t John Lovewell, To the Heirs of those of His Men that fell with Him in the Engagement, To those of Them who Liv'd thro' it, and to a number of such other Men as the Government then thought were the most Proper to be admitted with Those who had been in said Engagement, and to make a Suitable Society for the

Settlement of a New Township-

That in Consequence of said Grant, and in Compliance with the Conditions thereof, The Grantees Settled said Township, some by Their own Persons, and others by Their Assigns; And as no Body at that Time, had any Suspicion of Danger in the Title of the Land, the People who Settled thereon, carried all the Interest They had in the World with Them, and Laid it out on Their Respective Rights, and therewith bestow'd a great deal of Labour with Their own hands to bring Their Lands to be Profitable to Them, Trusting that They, and Their Posterity Should Enjoy the Fruit of Their Labour without Interruption—But by the running the Line for a Divisional Line between this Province and the Province of New Hampshire, said Township was taken into the Latter—Soon after This, there came a number of Men and laid Claime to the same Land, Alledging it was a Township granted by the Province of New Hampshire to Them, by the Name of Bow, And from thence forward Sues for the Land, and so worried the Massachusetts Grantees and Their Assigns from Time to Time in Law, That They found Themselves obliged, either to leave Their Possessions or buy Them—And being in Such an unhappy Situation, They knew not well what to do. Some bought the Lands They had Subdu'd & lived upon, but others, who would not buy, were Intirely Ousted of Theirs, so that upon the whole, the Massachusetts Grant has been obliged (by the Laws in Hampshire) to give way to the Hampshire Grant, and the Township is (by that means) wholly Lost to Those of the original Grantees who never Sold Their Rights, and in a great Measure to Those who Settled therein by Purchase. Some of the Latter having had some Considerations from those of the original Grantees of whom They Purchas'd Their Lands, They did not wholly Loose Their's but as the Considerations They Recd were much Short of the Damages They Sustain'd They were greater Loosers than Those were that They Purchas'd of—But in Fact both are Loosers, so there is become more than one Sufferer on one & the same of many of the Rights in said lost Township—wherefore your Petitioners, who are Some of the immediate Sufferers by said

Loss, take leave to Pray, That in Lieu of said Township, your Excellency & Honours would be Pleas'd to grant a Tract of Wilderness Land belonging to the Province Sufficient for a Township, to such of the original Grantees of said Lost Township as are Living, To the Heirs of such of Them as are Dead, and to Those who Settled therein by Purchase, So that the same may be Shar'd among all the Loosers, in Proportion to the Damages They have Respectively Sustain'd; with Liberty to Lay it out to the Eastward of Saco River, adjoining to the Northwardly part of the Township, granted to Benjamin Mullikin Esq^r and others. Stephen Holt of Lawful Age Testifieth & Saith That he was one of the first Settlers in a Township Granted to Captⁿ John Lovewell & others known by the Name of Suncook—That the Grantees with great Labour & Expence brought forward their Settlements Soon after the grant of s^d Township was made Notwithstanding the opposition made by the Proprietors of Bow who Claimed a Tract of Land by Virtue of a grant made by the Government of New Hampshire of the Contents of Twelve miles Square which Included Suncook & was made near the Time of the Massachusetts grant—That they were Encouraged by the People of the Massachusetts Government to Perfect their Settlements Notwithstanding the opposition made by Bow & Accordingly Persevered in their undertakeing & Endeavoured to Defend their Rights in

the Common Law of New Hampshire when many of them were held to Answer there by Process or be Defaulted—

That many Actions were Continued from Term to Term 'till the Defendants were Almost Ruin'd—That the Proprietors of Pennicook being under like Circumstances (Saving only that Pennicook was purchas'd with money & Suncook was the Price of Blood) Apply'd to the great & General Court of the Massachusetts Province for Relief & obtained a grant of one hundred pounds Sterling to Defend their Cause in England and the Suncook Proprietors Embark'd in the Same Cause According to their Ability Contributed to the Pennicook Agent for his Aid to them in the Common But So it is though the Actions at home were Determin'd in Some Sort in favour of the Massachusetts Grantees yet the point of Property most Essencial to be Determin'd was Carefully Avoided; and after this New Actions were Commenced So that the Proprietors of Suncook as well as those of Pennicook have been Continually Harrassed & Worried in the Law from their Infant State 'till within these two or three years last past they have Almost all of them Purchased their Improvements & them only at an Extravagant Lay, and all the unimproved Lands Revert to the Proprietors of Bow The Deponant further Saith that he was an Inhabitant of Suncook for the Term of Ten Years & Since his Removal he has been Conversant with the Proprietors, been Concern'd in Defending Sundry Rights & that he has no Knowledge of any one of the Inhabitants haveing Received any Consideration from the Province of the Massachusetts Bay, nor from New Hampshire, on Account of their Loss in Suncook; but on the Contrary is well Assured that there is not one Individual of sd Propⁿ of Suncook but what has Sustain'd more Loss than Double the Value of his Right when Granted, and that many Others have been Entirely Ruined And were Obliged to part with their Farms Valued at more than £100 Sterling to Defrey the Charges of their Vexatious Lawsuits

I the Deponant aged Sixty four Years, Testify & Say, That I was the Lawful owner of the Substance of three Rights in the

Township at Suncook which was granted to Capt John Lovewell & others—That I Settled upon a Tract of my Said Land, and have lived in said Township about thirty nine years, and have been knowing to, and have been a large Sufferer in the Loss of said Township, which has been recovered & taken from the Inhabitants who Settled therein under the Government of the Massachusetts-Bay, by a number of Persons, who Claim'd the greatest Part of it by virtue of a grant (as They said) from the Government of New-Hampshire for a Township by the name of Bow-By the Proprietors of the Mason Patent, and by the Proprietors of the Township of Chester. That I know of no Compensation being ever made to the Sufferers for that Loss, by the Government of Massachusetts-Bay or New-Hampshire, Except Ross Wyman, who (as I have heard) has had a Grant of some land from the Government of the Massachusetts-Bay in lieu of his Loss-Also That the Bow Proprietors gave (as I have been told) the Late Rev^d M^r Whittemore fifty acres of Land He was Settled upon, and to one Francis Doyne twenty acres He was Settled on in sd lost Township—And as for my Self, besides the loss of my Lands, I have been put to greater Expence than I can readily tell having been Ejected out of two Tracts of Land, by two Actions which were continued in the Law for about fifteen years—

[Petition of Proprietors of Rindge, 1760.]

[Mass. Archives, Vol. 117, p. 611.]

To His Excellency Francis Bernard Esq Governour & Commander in Chief of His Majesties Province of the Massachusetts Bay in New England &c—

To the Honble His Majesties Council & House of Representatives in General Court Assembled the Seventeenth Day of Decr A. D. 1760—

RINDGE. 287

THE PETITION of Benjamin Mullickin Thomas Perly & Moody Bridges Agents for the Proprietors of a Township Called & known

by the Name of Rowly Cannada—Humbly Sheweth—

That the great & General Court of the Province Afores^d Made a Grant of a Tract of Land of the Contents of Six Miles Square to John Tyler Joseph Pike & others officers & Soldiers in the Cannada Expedition A D 1690 As a Gratuity for their Service in

sd Expedition

That on the 23^d Day of January AD 1739 a Plot of s^d Township was Return'd to the Court by the Comton Appointed to Lay out the Same, which was made Large On Account of Sundry Ponds & a Large Shrub Swamp Contain'd in the Bounds thereof Which was Accepted with this Restriction that Five Thousand Acres Only Should be Allow'd for ponds &c & the Comton were Directed to Conform the Plot Accordingly, Which Business of s^d Comton in Correcting s^d Plot was postpon'd 'till A. D. 1741 When the Dividing Line between s^d Province & the Province of New Hampshire was Run which took the Greatest Part of s^d Township into s^d province of New Hapshire Therefore s^d Comton Never Conformed s^d Plot According to Court order—

But may it Please Your Excellency & Hon¹⁰ The Proprietors of s^d Township Look'd upon themselves as Haveing Good Right to a Township of the Contents of Six Miles Square within the Limmits of s^d Plot Nothwithstanding the Neglect of s^d Com^{ttoo} in Conforming s^d Plot to the order of Court & Notwithstanding the greatest part of it Fell into the Government of New Hampshire by the Settlement of s^d Line For Haveing had Recourse to the Commission of His Majesty For Marking out the Dividing Line of s^d Provinces they were Inform'd that His Majesty was Graciously Pleased to make a Declaration Against private Property being Affected thereby And they were Secure that Nothing would Impeach or Affect their Right to that part of s^d Township that Remain'd in the province of the Massachusetts Bay—

WHEREFORE the better to Extend His Majesties Dominions & to promote their own Interest the s^d prop^{rs} took Courage & began to make Improvements A D 1742 And by great Labour & Expence in Clearing Roads Building of Mills & Provideing Materials for a Meeting House for the Publick Worship of God the Charges of the prop^{rs} were greatly Augmented But the Commencement of a War with the Savages greatly Retarded the Settlement of s^d Township But as Soon as the war was over they Return'd to their Possessions & made good progress in Bringing Forward Settle-

ments till A. D. 1749 When the Honble Joseph Blanchard Esqr of Dunstable Signified to sd prop that sd Township was Claim'd by Certain Gentlemen in New Hampshire Aforesd by Virtue of an Ancient Patent Called Masons Patent which Moved st prop to Send a Comto to Treat with the sd Joseph Blanchard Esq. (Who Represented sd Gentlemen) In order For an Accommodation Whom when they had Treated upon the premises were in Suspense whither sd Township was Included in sd patent and So they let the Matter Subside till they Could Measure from the Sea Sixty Miles west to find the Extent of it which Accordingly was Done at the Expence of sd prop and they found that a Township of the Contents of Six Miles Square Might be made within the Limmits of sd plot which sd patent Could Not Affect and Accordingly Return was made to Col^o Blanchard that s^d Sixty Mile Line took so Inconsiderable a part of What was Included in so Plot that they tho't it Not Convenient to Ask for it Seeing they Had Enough for

a Township without it

And Now may it Please your Excellency & Honn Notwithstanding the Caution of sd Prop in Labouring to Secure to themselves if possible the Benefit of their Labour Said Township was Granted by the proprietors of s^d Patent to a Number of Men who were not of the Prop¹⁰ of Rowly-Cannada Afores^d Nor had s^d Proprietors Ever after s⁴ Treaty with Col^o Blanchard An offer of s⁴ Township But were Utterly Excluded by the Afores Grant and on the 5th Day of Sept A D 1751 An Action was Commenced Against One Joseph Plats of the proprietors Holding Under the Massacht Government by One Samu Johnson Holding under the Proprietors of st patent which after Several Years Continuance from Term to Term Judgment was Finally made up in the Superiour Court in Favour of sa Johnson & Execution Issued in the Imprisonment of sd Plats & Terminated in great Cost & Expence to sd propm & in the Loss of s^d Township For Notwithstanding s^d proprietors Prov'd. their Right to st Township as Granted by the province of the Massachusetts Bay & that it Laye without sa Patent & prov'd their Right to the Soil by Virtue of the Deed of the Massachusetts province from the Council of Plymouth & his Majesties Direction Against private Property being affected by the Settlement of the Line as Afores Yet it was Alledged & strongly Urg'd that the Massachusetts Government was None other than a Corporation and that therefore they had No Right in Fee to the Soil of their own Province Much less to Rowly Cannada which Lay in New hampshire So that the proprietors were Discouraged from Makeing any Further Trial in the Courts of New hampshire And were Obliged to Evacuate their Settlements And the prop¹⁰ Holding Under the Lords of s⁴ Patent Have taken Possession of the Houses & Lands of the prop¹⁰ of s⁴ Rowly Cannada Nor have they been Able to Obtain Any Redress Haveing Apply'd to the Prop¹⁰ of s⁴ Patent & to the prop¹⁰ Holding Under them but all to No purpose The prop¹⁰ Also as Individuals have Apply'd to those who Enjoy their Houses & the Benefit of their Labour But there is Not a Single Instance wherein any one of them have Rec⁴ Any Consideration—

That the Great & General Court of the province of the Massachusetts Bay Through Some Miss Information (as Your Petitioners Conceive) Did in the Year 1752 make Sale of Several Thousand Acres of Land Included in the afores Plot which Lay in the Province of the Massachusetts Bay Afores & was Not taken off by the Dividing Line of s Provinces So that the prop Have Now No Dependance but upon the Interposition of the great & General Court afores for Relief in their Unfortunate & Distressing Circumstances—

THEREFORE Your Petitioners in Behalf of the prop¹⁸ of Rowly Cannada Afores^d Humbly Intreat Your Excellency & Honⁿ to Take the premises into your Wise Consideration and in Your great Wisdom & Justice Grant them the Relief which they Humbly Crave (viz) That the Charges Sd propts have been at in Bringing forward the Settlement of sd Township may be Reimbursted to them By An Act of the Great & General Court Aforesd To Enable them to Raise the Sum of Twelve Hundred & Eighty two pounds Six Shillings & Nine pence by a Lottery which they have Expended in the Concerns of sd Township (viz) Six Hundred & Eighty two pounds Six Shillings & Nine pence thereof in Taxes which Have been Levied upon so proprietors & Six Hundred thereof (at the Lowest Computation) which hath been Expended in Buildings & Bringing forward Settlements Also That the Court would be Graciously pleased to Make them a Grant of 2745 Acres of Land to be taken up in the Unappropriated Lands of the Government in Lieu of So much Land Included in the Afores Plot Lying in sd Massachusetts Province Sold by the Court as Aforesa or Some other way Relieve sd proprietors as to your Excellency & Honn Shall Seem Meet And Your Memorialists as in Duty Bound Shall Ever Pray-

Humbly shews that Notwithstanding they are a very young and infant Settlement of but few years standing, yet by the Blessing of God on their very hard Labour & honest Industry they have tho' with great fatigue effected the Conditions of settlement, having a good & Convenient Meeting house, as well as an Orthodox Minister among them; and this at great charge considering the shortness of the time wherein it was done; & forasmuch as by the Labour & Industry of the Inhabitants there, the Nonresident proprietors unimproved Lands as well as the residents much increases in value but not subject to tax, y Memo in behalf of said Inhabitants & for their Ease & relief in support of the Gospell Ministry as well as town Charges among them prays they may be enabled to Assess a tax of one penny Acre on all the unimproved Lands in said plantato or township for the space of three years next & that said Lands may be subjected to said tax

[LLOYD HILLS.]

Holland's map of New Hampshire gives a place for a township designated as Lloyd Hills, which occupied a considerable portion of the territory now in Bethlehem. The charter records, in the office of the Secretary of State, contain nothing relative to the township of Lloyd Hills, except a reference to it as a boundary of the town of Whitefield, which was granted in 1774.

Two documents are now accessible to the public, which throw

some light upon the matter.

First is the lecture on the early history of Littleton and vicinity, by the late Dr. Adams Moore, in which are the following passages relating to the subject: "It appears by the charter of Whitefield that that town was bounded on the Southwest by a town named Lloyd Hills.

Some person interested in land matters and finding no record of it in the office of Secretary of State, wrote to Governor Wentworth, who, it appears, lived at a place in England called Hammersmith. I have seen his answer, which, from sinister motives, was kept rather private, as it was the key to some land disputes, and if seen would operate against the parties holding it. It contained a cor-

rect plan of the town of Lloyd Hills, now Bethlehem.

The Ammonnosuc river was laid down with great accuracy, the line between that town and this [Littleton] distinctly placed as a crossing a certain bend in the river, near the Alder Brook Mills, where the proprietors of this town have supposed it to be, but from which they have been crowded back this way about fifty rods. The survey purported to have been made in 1774, by Dudley Coleman, who had surveyed this town [then Apthorp] four years before. The Governor must have taken from this country a book of plans of all these townships, furnished him by the deputy surveyors of his time, which would unravel the snarls of many a lawsuit past, and perhaps to come."

Second, the following matter relative to Lloyd Hills was copied by Philip C. Wilkins, of Littleton, at Portsmouth, Aug. 8, 1850, from a paper purporting to be the original in the handwriting of Gov. John Wentworth. It was in the possession of counsel in a case when pending at Portsmouth relating to lands in Bethlehem. One of the counsel in this case was the late Ira Goodall, Esq., of Bath, whose professional papers were sold to paper-makers during the late war, and it is not improbable that the original of Gov. Wentworth's communication concerning Lloyd Hills was among them, as no one appears to have known of its existence in recent years. Mr. Wilkins's record of survey contains his memoranda

and copy, which is substantially as follows:

"Province of New Hampshire

"Portsmouth 3^d January, 1774
"This certifies that this plan, beginning at a Beech Tree, standing in the northeasterly line of Gunthwaite, which is the southwesterly corner of Apthorp [thence running south fifty-seven and one half degrees east, two miles and fifty-six rods, to a spruce Tree, which is the northeasterly corner of Gunthwaite:] thence south fifty-eight degrees east, three miles and two hundred sixty-four rods, to a Birch Tree; thence north fifty-six degrees east, five miles and one hundred sixty-two rods, to Bretton Woods, so called; thence by said Bretton Woods, north one mile and twenty-five rods, to a stake; thence north fifty-eight degrees west, five miles and ten rods, to a Fir Tree; thence south fifty-six degrees west, six miles and one half, to the bound began at, containing twenty-two thousand seven hundred and sixty acres, is known by

an original plan or survey of said tract or township as returned to me by Dudley Coleman Dept Surveyor.

"Attest Is: Rindge S. G."

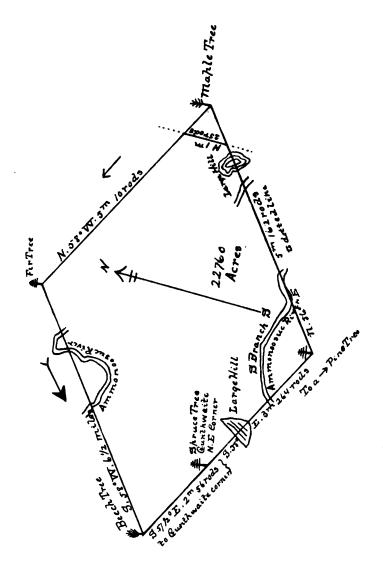

"It is hereby certified that the within discribed land in the Province of New Hampshire was surveyed to Joseph Loring and others by authority of Government, parte by His Majesty's mandamus and parte on conditions of settlement and cultivation; and that the grant of said lands was called in council according to the usual forms; also that an order was issued to the secretary of the said Province, for engrossing the patent, but I cannot recollect whether the patent was perfected, although the said tract of land was actually granted, and I do remember that about twenty thousand acres was property of Mr. Loring and that the township was called or named Lloyd Hills.

"Hammersmith 15 June 1783.

"J. Wentworth."

[Note: The bound given in brackets, in the surveyors general's certificate, is inserted as it appears on the plan. The omission probably first occurred in one of the unofficial transcriptions of the return as made by Mr. Coleman.

The original plans of surveys, made by the deputy surveyors, are possibly still in existence; and if so probably in England; they would make a valuable addition to our ancient state records, and some means ought to be employed to obtain them if possible.]

CONCORD.

[This territory, known as *Penacook*, was granted by Massachusetts, May 18, 1659, to Richard Waldron and others. Regranted by Massachusetts, Jan. 17, 1725-6, to Ebenezer Eastman and others. Incorporated by Massachusetts as *Rumford*, Feb. 27, 1733-4. Incorporated by New Hampshire as Concord, June 7, 1765. The grant of Bow by New Hampshire, May 20, 1727, conflicted with this grant, and the dispute was decided by the King in favor of *Rumford* Dec. 27, 1762. A gore of land was severed from Canterbury and Loudon and annexed to Concord, Jan. 2, 1784. Portions of Bow were annexed Dec. 13, 1804, and July 10, 1856. The State House was built in 1816 and remodeled in 1865. It was first occupied by the legislature in June, 1819. A city charter was granted July 6, 1849, but was not adopted until March 10, 1853.

[Draft of Letter to William Bollan.]

[From original in possession of Joseph B. Walker.]

William Bollan Esq^r Sir

We are Inhabitants of the Town of Rumford which was granted by the Province of the Massachusetts bay but by the new running

of the line falls within the Province of New Hampshire

We are in a most unhappy situation, some of our people have been sued and verdicts have been obtained against them in the inferior & superior Courts & others of us are threatened & we know not whose turn is next, our enemies are our judges & we have no hopes of redress within our own Government though we have as just a cause as ever men had. Under our distress we advised with Mr Hutchinson who formerly went home in our behalf, he first proposed our waiting the issue of the Action now depending in England, which he does not doubt will be favourable & will influence any future tryals, but we very much doubt whether the determination of this Action will prevent their bringing forward The several Grants from the Massachusets are very differently circumstanced so that the Event of one Action will be no bar to another and they take an effectual method to prevent any other being carried home for they sue for small parcels of land the value of which is not so great as that by the Province Law an Appeal may be granted (or if it might the Owner of it would sooner give up his claim than be at the charge of an Appeal,) and if we must go home by complaint the hearing in order to obtain a tryal and if we obtained, the tryal itself would together be attended with such a charge that though a great number of us were to join we could not without selling our Estates weh, by the way under their present circumstances nobody will buy, raise money to defray

it. Upon these considerations Mr Hutchinson advised us to apply to you and to forward to you a Petition to his Mjesty representing our grievances & praying for relief, though at the same time he gave us no great encouragement that you would prefer & sollicite it whout seeing a prospect of being paid the charge that will attend it, but as there is a possibility either that the Massachusets General Court may be prevailed on to give some directions about it or that it may be of some service in the cause now depending or that by communicating of it to some of the Lords of trade although it should never be prosecuted (since the only reason is our not being able to do it) it may be of service to us & perhaps produce some general directions for our Relief with this View we thought it best we should send it to you. We are loth to trespass too much by a particular relation of our distresses; many of them will appear from the Petition. One of us has been the settled minister of the place for more than 20 Years but for four years past has had no salary & has been supported in such sort as he has by the particular donations of some of the Inhabitants & he certainly would have left the place before now if it had not been for discouraging the This is what New hamshire hopes for; to harrass us till they they force us to throw up the effect of near thirty years toil & labour that they may Possess themselves of it. We intreat you to make use of this Petition in some sort or other for our relief. Could we be secure in our propertys we would endeavour to be easy with the change of Government though the most effectual relief would be our return to the Massachusets, and this would most effectually serve his Majestys interest in the settlement of this part of the Country between the two Rivers Merrimack & Connecticut where nature has done much towards a Barrier & had not the line been altered we are well satisfyed great progress would have been made in settling & improving that whole Country whereas since its falling under New Hampshire the new settlements have been declining instead of advancing & in case of a War will in all probability be entirely forsaken & the frontiers of New England in the state they were 70 years ago for New Hamshire can not & we are told the Massachusets will not defend us again.

[Deposition of Thomas and Joseph Eastman.

[From original in possession of Joseph B. Walker.]

Thomas & Joseph Eastman, both of lawful Age testify & say, That in the beginning of June 1730, they removed to the Plantation then called Penicook, now Rumford in the Province of New Hampshire—And that John Merrill who is now Apellant in an Action of Ejectment to be tried at the next Superior Court of Judicature to be holden at Portsmouth in said Province of New Hampshire, wherein the Proprietors of the common & undivided Lands in the Township of Bow are Apellees, moved up to the said Plantation with his Family at the same time, & has resided there ever since;

That they are well knowing to the House Lot No thirty four, in the second Range of House Lots in the said Plantation, the original Lot of Nathaniel Page & to the twenty-Acre-Lot which was laid out to the Right of the said John Merrill in said Plantation—And that the Land said to be in Controversy between said John Merrill & said Proprietors of Bow is part of said Lots—That about three Acres of Land on the Interval Lot belonging to said Pages Right was broke up sometime before the Date first mentioned, & was in the year 1730 planted & improved by the Assignee of the said Page—

That the said Merrill, soon after his arrival there settled upon the said controverted Land, & has lived there ever since.—That he has made yearly Improvements in the Plantation, or Township.—And the said Thomas declares, That according to the best of his Remembrance, the House-Lot abovementioned was cleared before the first mentioned Date.

And both these Deponents say, That they have been well acquainted with the Circumstances of the said Plantation ever since their going there, & always understood that it has been constantly possessed, & inhabited by the Grantees of the Massachusetts-Bay their Heirs & Assigns: And that they never knew any of the Proprietors of Bow, their Heirs, or Delegates, as such, settle upon, manure, or occupy any Part of the same.

Last week I made My 127th Trip to Portsmouth the Metropolis of New Hampshire and Grand mart of News both fforeign and domestick but as the Climate is at this Time of yo year no foreign News Could be Expected, nor was there any as I Could hear off tho I Carefully examd the post and all the News mongers, and as to our own affairs I can only Tell you that yo prejudice of yo Bow propm against all that Claim in Opposition to them themselves seems rather to Increase then be diminished, I ventured however to Ask my Pateroon Peirce what he would do if upon yo Review you should bring in Masons Title, he replyed he would stand by that let the Event of yo Cause be what it would, but said he hop if you brought that in to Serve you in one Case you would not reject & disallow it in Others, Then I venturd to tell him I apprehended the New Towns would now take my advice I had been pressing

[Farmer's Mss. Town Papers, Vol. 2, p. 23.]

To His Excellency Benning Wentworth Esq^r Captain General and Governour of His Majesties Province of New Hampshire the Honourable His Majesties Council and House of Representatives in General Assembly Convened Portsmouth February 18th 1756

The Petition of Ezra Carter & John Chandler on behalf themselves & the Inhabitants of the late District of Rumford Humbly Sheweth, That we the Subscribers together with Moses Foster Esq^r by an Act past by the General Assembly in July last were appointed to be Assessors to Assess the Inhabitants within the Limits therein referred to at a certain Sum and to have the Assessment compleated & returned to the Treasurer of the Province within two months after the date of Said Act That one half of the time was Lapsed before we had sight of the Act and it was then the most busie Season in the whole Year & the Cattle on which part of the Tax was to be laid were out in the Woods & not known whether living or killed by the enemy which rendered it almost impracticable for us to comply with the Letter of the Act—For the remedying of these Inconveniences & also in hopes of Obtaining Some Alterations beneficial to us and the People we ware to Tax we should have Addressed the General Assembly long before now but our Distance is such that we seldom hear of the Adjournment & Prorogations thereof before it is too late Several times were pitched upon for said purpose but before they Arrived the Assembly was Adjourned & now having an Oppertunity to lay the Affair before Your Excellency & Honors we humbly hope that you will take our Case into Your consideration and in your wisdom & Goodness compassionate our Circumstances—as to our Paying our Part of Publick Charges of the Government we can uprightly answer for our selves & have reason to believe that we speak the United Sense of the people of Rumford that we ought to do it but humbly Pray we may have the Priveledges of a Town or District vizt to raise money for the Maintainance of Our Minister School & Poor the Repair of High Ways &c for the want of which for several Years past the Inhabitants there have been great Sufferers That we apprehend we are doomed much beyond our Just Proportion of the Publick Charge which has happened as we conceive for want of a true List of our Poles & Estates which we believe was never laid before the assembly That we have been unavoidably Subjected to great loss of time almost every Year for several years past by Disturbances from the Indians and particularly for the last two Years past about a Quarter of our Inhabitants have been drove from their Settlement during the busic Season of the Year and the whole of them Obliged to divert from their Husbandry in Order to repair their Garrisons & provide for the safety of their families, Wherefore your Petitioners most humbly Pray that their Circumstances may be Considered that they and the Inhabitants aforesaid may be Relieved against the Penalties & Rigour of said Act-

[PART OF ARGUMENT FOR APPELLANT.]

[From original in possession of Joseph B. Walker.]

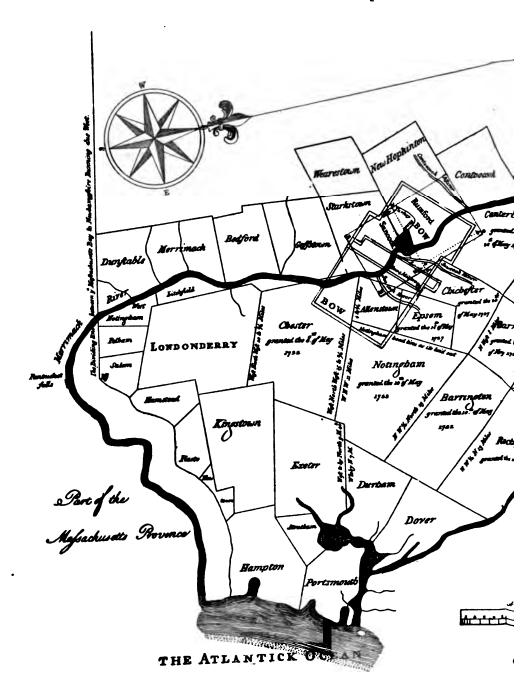

observations on President Cutts his commission &c

If further Satisfaction be demanded with respect to the Lands disclaimed by the mass^{tts} Bay before yo two chief Justices in 1677 it may be answered upon the Authority of King Charles his Declaration who expresly says towards the Latter End of Cutts his commission That the massachusetts Agents had disowned any Right either in the soil or government from the Three mile Line afores^d which can mean no other than the 3 mile Line which ye same King charles had a little before assigned to the massachusetts Bay as their Northern Boundary which was to follow ye course of the River (merrimack) as far as it went—consequently the Lands disclaimed must lye in New Hampshire or the Province of main or both for the Plan will show that those two Tracts viz New Hampshire & y Province of main lye next to the Northward of that 3 mile Line But the Principal use we would make of this (Cutts) commission is to show both from the com'ission itself & a number of coincident cirrumstances referred to & mentioned therein how plainly it appears that the exact Limits of New Hampshire (so far as merrimack River was concerned) at its then Infancy or rather origin were fully understood both by King & People on all sides & how next to Impossible it was that any mistake or dispute relative thereto should arise So Long as merrimack River remained a Known visible thing and all other circumstances remained in statu quo—And in fact so low down as 1740 New Hampshire never once denied—that the massachusetts Bay under their old charter Strengthened by ye Royal adjudication in 1677 took in ye

whole of merrimack River with 3 miles advantage, but founded the whole of their reasoning in support of their claim upon the diminished extent of the massachusetts Government under their New charter—for which see the New Hampshire Printed case which we shall lay before you—

as to the real difference between massachusetts former & Latter charters it is already stated Fol—to which you are referd—and here shall only add—what have been ye different apprehensions not meerly of Private persons but of whole communities relative thereto—For according to persons apprehension of the meaning & extent of a given Rule will be their consequent practice if they

would be thought consistent—

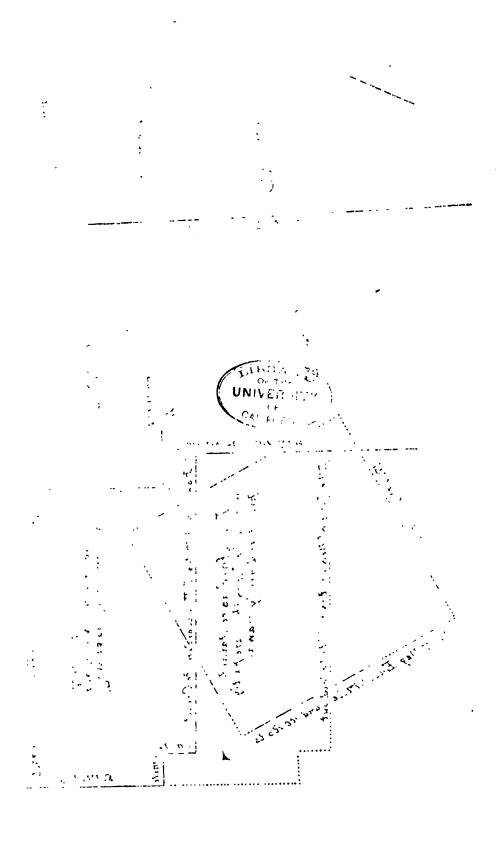

Now massachusetts Bay always thought their two charters coextensive as to merrimack River until they were adjudged otherwise by his late majesty in council and conformable to this their belief was their Practice in granting Pennicook & several other Towns on the contrary New Hampshire laid great stress upon ye diffirence between the two sd charters their principal arguments in support of their claim were founded upon the difference & finaly they prayd the Lords of the council to report them to be different The Point was looked upon as doubtful by the commissioners appointed to Judge thereupon & accordingly the report specialy for which see their Report Fol But what is of Principal moment they have been finaly adjudged to be essentialy different by the Highest Authority of the Nation-That is late majesty in 1740 adjudged a less extended Territory on merrimack River to the present massachusetts Government under their New charter (founded as is supposed on ye difference between the two charters), than was assigned to the Former mass^{tts} company under their former charter though not in ye precise words which New Hampshire had prayed yet in others Equaly expressive & conclusive with them or any others that can be Imagined—whether this be so or not may best appear by placing the two Royal adjudications—that on the old charter in 1677—& also that on the New in 1740 in one view before you

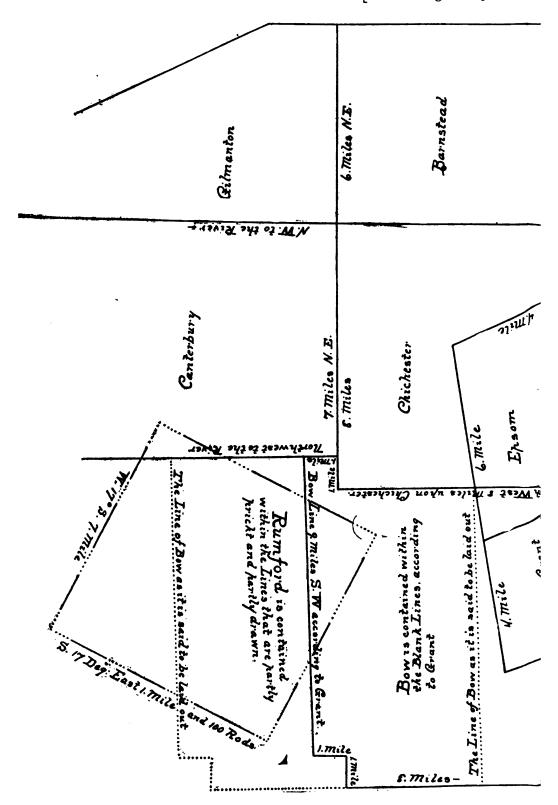

1677 The words of the Former are That the North & south Bounds of the Lands granted so far as the Rivers (merrimack on ye North & charles River on ye south) extend are to follow the course of the Rivers which make the breadth of the Grant—

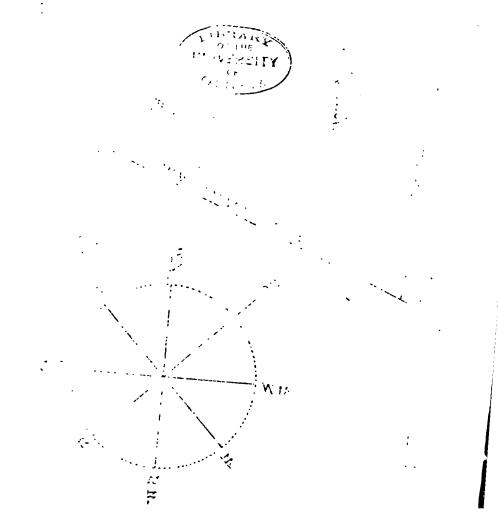

1740 The words of the latter are That the Northern Boundary of the Province (mass the Bay) shall be a similar curve Line pursuing the course of merrimack River at 3 miles distance on the

North side begining at the Atlantic ocean & ending at a Point due North of Pautucket Falls & a streight Line drawn from thence due west across the sd River Now unless a part be Equal to the whole the latter adjudication is not so extensive as the Former—what the difference is will best appear by the Plan—

It moreover appears by the former adjudication in 1677 That the two Lord chief Justices who framed the Report were well apprized of the Increased width the masstts Bay would gain by ye Northerly course of the Inland or upper part of the merrimack River—which Advantage their Lordships thought them Justly Entitled to after they had followed the course of the sd River merrimack to its Head —though not to a streight East & west line laid there thro'out the whole continent of America as the mass** Bay had claimed—which it is conceived was the occasion of their adding to the words above cited from their sd Report—as follows—viz—That by those words in The masstts charter of and in all the Breadth aforesd was not Intended an Imaginary Line of breadth laid upon the broadest part but the breath respected the continuance of ye boundaries by the Rivers as far as they goe but when the Known boundary of breadth determines it must be carried on by Imaginary Lines to to the south sea—Now to apply what is above set forth to the several purposes of which it is capable in the present case—In the first place it is obvious from this (Cutts) commission, That to provide for the Regular government of the People in the several Towns of Portsmouth Dover &c (which had been claimed by the massachusetts Bay in virtue of their Imaginary Line but which had been lately severed from them by the Line his majesty had assigned sd mass^{tts} Bay) was the profest design of Issuing this sd com'ission—It is Equaly obvious that the 3 mile Line which the King refers to as a thing well Known to himself & every body else that were at all concerned or conversant about the same, could mean no other than the Line which he himself had a little before assigned the massachusetts Bay as their Northern Boundary and which was to follow ye course of the River (merrimack) as far as it extended—For it was a Line which the mass^{tto} Agents had finaly assented to & acquiesced in-now can it be once Imagined that those Agents at that Time in 1677 when so far as appears not a word had been said nor any motion made either by yo Parties or Judges tending to deprive mass^{tts} Bay of an Inch of merrimack River should then without any notice or necessity at all formally assent to a Line which (so far as appears had never been mentioned) would cutt off more than half the sd River with a vast

width of Territory from their Province—It is moreover obvious that this well Known Line was then assigned as the Ne Plus of New Hampshire on that side—and the expressions descriptive of its Limits are peculiarly adapted thereto—It appears likewise by ye com'ission to Governor Shute next to be stated that the Limits of New Hampshire were not varied a hairs breadth by that—It appears likewise by the proceedings under seal Fol That Bow was granted under that com'ission to Shute & other matters relied upon by the respondents in this case were transacted under ye same—& now what we would Infer from these Facts relative to the present case is as Follows—whereever Bow overreaches that 3 mile Line the grant Falls of course—& all the warnings which were given by New Hampshire comttees under that comission but beyond that Line dwindle into the actions of meer Private men, who whatever Authority they might have within their Limits yet the moment they transgress them, it ceased—see further the :N B: Annexed to Wiggins his Deposition Fol—

It is moreover humbly hoped that the grants of Land passed by the mass^{tts} Bay before ye late adjudication of their present Northern Boundary in ye year 1740 within ye Territory formerly assigned to the old mass^{tts} company in 1677 & which they had thro all that Intermediate space of Time been in possession of & exercised Jurisdiction over & defended at an Immense expense of blood & Treasure untill they were countermanded by ye crown in sd 1740, will be looked upon with a favourable Eye whilst they (mass^{tts} Bay) had so many plausible reasons to think they did not Exceed their Authorized Limits, especialy with respect to the power of granting Land, by reason of a clause towards ye latter End of their present charter peculiarly favourable thereto which see Fol—particularly that the grant of Pennicook so beneficial to the Public both in design & Event, for which see further Fol will be confirmed & consequently the present Appellants quieted &c—

[More Argument.]

[From original in possession of Joseph B. Walker.]

Waldron & Atkinson say that in 1726 they as a comttee from ye Government of New Hampshire went to Pennicook and forwarned colo Tayler &c &c from laying out the same into a Township &c

Wiggins &c say that in 1729 they went to Pennicook as a comttee from the Proprietors of Bow & forwarned Persons &c—

Reasons why no more Notice was taken of these warnings were That Pennicook is within the Limits of the Territory formerly assigned to the mass^{tta} Bay under their old charter by King charles the 2^d in 1677 & which they had ever since been in possession of and at great expence of blood & treasure defended against the Enemy French & Indians—tis true that charter had been vacated & another given which they thought as extensive on that part as the Former And altho they could not certainly Know what his majesty would hereafter determine with regard thereto, yet they Knew that by setling a Body of People so far up in ye wilderness, in such a compact & Defensible manner who in Time of peace might maintain themselves & in Time of war make a stand with proper assistance they did a real & substantial service to his majesty & the Public, not only as they thereby gained that width of Territory from his Enemies but what was of more Importance Interrupted their passage on a River which from yo begining of ye country had been of such use to them (the Enemy) in their Ravages & depredations committed on the Frontiers of New Hampshire as well as their own—That this is what they (the mass^{ite} Bay) had principally in view appears by y^e cautions attending the Grant of Pennicook which see Fol And that they have not in Event been wholy disappointed appears by sundry Depositions in the case particularly 2 Easmans—Gerrish—& Curry which see Fol-moreover their belief that their present charter extended so far had such reasons to support it that yo com'issioners who were afterwards appointed to Judge thereof by ye crown after all ye Enquiry they could make in ye affair did not care to report otherwise than specialy upon the Point as set forth Fol Now whilst this was their (the mass^{tu} Bay) beleif their Practice was consonant thereto & therefore it is not strange they paid no more regard to these notices from New Hampshire especialy as the pretence of New Hampshire to Interpose at that Time was absolutely Inconsistent & contradictory to what they themselves allowed & never contradicted—For New Hampshire did not deny but massta Bay under their old charter extended to the Land in question, that is that it Took in ye whole of merrimack River with 3 miles Advantage but they founded ye whole of their reasoning as to that matter on the difference between the two charters as appears by their Printed case before the Lords of the council throughout & finaly as the sum & conclusion prayed their Lordships to report in the following

words viz "That all the Lands lying to the Northward of "merrimack River which were granted by ye charter of King "charles the 1st to the late colony of massachusetts Bay are not granted to the present Province of mass*** Bay by the charter of "King william & queen mary—

But it is Evident to Demonstration that ye Bounds of the old colony of mass^{tts} Bay were the Bounds of New Hampshire not only at their first Erection into a Province under President Cutts but continued unvaried under governor shute as appears by comparing ye two com'issions both expresly Limited New Hampshire from 3 miles to the Northward of merrimack River or to ye Northward of any part thereof—on that side—to the Province of main on the other side—so that these men having gone over the express Limits of their then governors commission their Authority ceased & their actions were no more to be regarded than ye actions of meer private men—

and here it may not be amiss to observe how ye scene is changed—the Argument shifted—In ye whole of the dispute previous to the determination in 1740—The Plea on behalf of New Hampshire was founded upon ye difference between ye two massth charters—they never once denyed that the old charter took in ye whole of merrimack with three miles advantage nor Indeed could they withour denying ye express words of that charter as well as the very spirit & design of ye two chief Justices report in 1677—now they (New Hampshire People) have succeeeed in that point obtained what they aimed at—but have a further purpose to serve—they directly face about & contrary to their former declared Principles would pretend massachusetts Bay even under their old charter did not extend to the Northward of their present Boundary assigned them in 1740—

[Argument for the Appellant, by Judge Pickering.]

[Moore's Annals of Concord, 1824 p. 86.]

The State of the Case Lately decided at the Superior Court of New-Hampshire, between The Proprietors of Bow, Plfs. and John Morrill, Def. [1750.]

The action was ejectment brought by said proprietors against him for the recovery of about eight acres of land, situate in Bow, and particularly described in their writ, with the buildings and

appurtenances thereof, to the inferior court of common pleas, holden at Portsmouth, December, 1750, and at the defendant's request continued to the next term of said court, he being a purchaser of part of the land he holds, to vouch in his warrantor. But as he did not appear, the said John was obliged to defend himself, or give up the land demanded, on which some of his buildings stand. He therefore gave an issuable plea, and thereupon obtained judgment, from which the plaintiffs appealed to the then next superior court, entered their appeal, and after several continuances, parties had an hearing, and judgment was rendered for the plaintiffs to recover the premises demanded. This judgment the defendant reviewed. But judgment was again rendered for the plaintiffs. From which judgment he would have appealed to the king in council, or to the governor and council here in a court of appeals; but both were denied, as the premises demanded were not of sufficient value to allow either, according to the province law in such cases. But as there is much more than what is of value sufficient to allow either of those appeals, depending upon the same title, the defendant is aggrieved at the denial as well as at the judgment he would have appealed from. It is proposed here to take notice of the most remarkable things offered by each party. But as it is a known rule in these cases, that the plaintiff must recover (if at all) by the strength of his own title, and not by the weakness or defect of the defendant's, it may not be amiss more particularly to consider the title of these plaintiffs and the objections made against it on the part of the defendant; and then briefly to mention the defendant's title, and the objections the plaintiffs offer to that, with what is said in behalf of the defendant in reply to those objections.

The plaintiffs urge, that the right to all the lands in the province was originally in the crown. That by a special clause in the governor's commissions for this province, from time to time, they were authorised to grant these lands to the inhabitants, with the advice of the council, in order to the regular settlement thereof. That in the absence of the chief governor, this power, with others contained in the commission, devolved upon the lieutenant-governor. That under the commission to governor Shute, this happened to be the case. And in his absence the late lieutenant-governor Wentworth, being commander in chief, on the 20th of May, 1727, at Portsmouth, with the advice of the council, by a charter of that date, granted to sundry of his Majesty's subjects then inhabitants of the province, whose names were contained in a

schedule annexed, a tract of land in said province, bounded as follows, Viz.: "Beginning on the southeast side of the town of Chichester and running nine miles by Chichester and Canterbury, and carrying that breadth of nine miles from each of the aforesaid towns south-west, until the full complement of eighty-one square miles are fully made up," with sundry privileges and limitations That about twenty months after the date of this charter, a committee of the grantees entered, surveyed the land granted, and marked out the bounds, as appears by a return under their hands, in what manner they proceeded. And this transaction, they say, gave the grantees the actual seizin and possession of the Though they also say, that this as to the purpose of giving them the seizin, ex abundanti, for the grantees by operation of law, were seized immediately upon the executing their charter. But this entry and survey were especially designed that they might know and distinguish their township from others. That as they were thus seized of the whole by consequence of the premises demanded, as these are confessed to be within the aforesaid bounds. That about five years after this, they enclosed a parcel of this land on the easterly side of the Merrimack river, by conjecture about three miles square. All which facts, they prove by sundry testimonies in the case. Four of which amount to nothing more of any consequence than is declared in the return of the said survey. But take them altogether, the plaintiffs allege, they prove an actual entry on and possession of part, which they say is constructively a possession of the whole, and that continued so for the term of five or six years; and from that time to this, (about a year) they have been improving of part of said land, which gives them a right to oust any person, who has entered and possesses any part within the bounds of their charter, in any other right or claim.

What they further offer, is either by way of reply to the defendant's objections, or as objections to the defendant's title.

Now to this title the defendent objects, and urges sundry considerations. In the first place he submitted, and would again, upon a new trial, be glad to submit the point to be adjudged, whether the plaintiffs have proved their declaration. They declare, "that on the 12th day of June, 1727, they were seized of the premises, with others their common lands in said town of Bow, in fee, taking the profits theirof to the value, &c. and continued to be so seized thereof for one year next ensuing, and ought now to have quiet and peaceable possession thereof; yet the said John, within 23 years last past hath, without judgment of law, entered into the

premises demanded, disseized the plaintiffs thereof," &c. To say nothing of the peculiarity of this declaration, the seizin which the plaintiffs allege they had, must mean (if it has any meaning) a seizin in fact, for no person ever took the profits by virtue of a seizen in law only. Now they never sat a foot on the lands contained within the bounds of their charter, till the aforesaid survey, and how their seizin on the 12th of June is proved by an entry above twenty months after, is difficult to conceive. Besides this, the settlers of the plantation, called Pennicoke, which comprehends the lands in question, had been in possession of it above a year before the date of this charter, (as will appear beyond dispute, when we consider the defendant's title,) at present, only observe what is proved by sundry testimonies produced by the defendant, viz. That the April and May before the date of Bow charter, there were fifty men at work on the said plantation, clearing land, hewing timber for a meeting-house, and pursuing other measures, in order to settle a town there. That they prosecuted the affair with such vigor, as to have a minister ordained and a church gathered in the year 1730. But they were clearing the land there almost two years before any of the proprietors of Bow had seen their land; and all they did, when they entered, was only to run a chain, and mark some trees, at a great distance, round these laborers. They never so much as saw the land now demanded, where the settlers of Pennicoke were at work. And it appears, that they began to clear the land in question, when they first entered, because it is one of their house-lots, or home-lots, as they are commonly called, and in the nature of the thing, that should be first done. This possession has been continued without interruption to this day; and indeed may well be computed (by the plaintiffs' rule of possessing land by walking round it) from two years before April above mentioned.

Now upon these facts, concerning the manner of entry and possession of these parties, it is easy to see with what propriety the plaintiffs could declare upon their own seizin; and with what re-

gard to truth it can be said to be proved.

But to proceed. Upon supposition the lands which the plaintiffs claim were the King's, at the time their charter was made, (which was not the case in fact) yet the plaintiffs have not derived that right to themselves, for this obvious reason—The Governor's authority to grant the King's lands was limited by the right of jurisdiction, and that, by the commission to that part of the province of New Hampshire, lying and extending itself from three miles

northward of Merrimack river, or any part thereof, to the province of Maine, (now the county of York) which is the easterly boundary of the commission. The westerly boundary of which, is the line running three miles northward of Merrimack as aforesaid. Now the land demanded by the plaintiffs in this suit lies on the westerly side of Merrimack river, more than three miles without the Governor's jurisdiction, by this commission, and consequently, he had no power to grant it; for if it should be supposed he might grant the King's lands out of his jurisdiction, where should he stop? by what limits could he be restrained? From the reason and necessity of the thing, therefore, it must be allowed, that the right of government, and the granting of lands was limited to the same territory. And the words of the commission necessarily imply, it did not extend over all that was called New-Hampshire. If it is conceded, then, that these lands are in the province of New-Hampshire, and were so at the date of the plaintiffs' charter, yet that concession will avail the plaintiffs nothing in this case.

Another objection to the plaintiffs' demand arises from the manner of their running out the bounds of their township. By their charter they were to begin on the south-east side of the township of Chichester. Instead of that, they began on the south-west side, as their return sets forth. Now what could justify their proceeding in this manner? If the land where they were to begin was appropriated before, that could not authorize them to be their own carvers, to take what they are pleased to estimate an equivalent, without a new grant, which they never had, nor did they ever make a return to the authority from whence they derived their title, for confirmation of what they had thus unwarrantably assumed; for by their running, they take in a considerable tract of land, really without their charter, and which belongs to others. And if there was a mistake to their prejudice in the bounds given them, that is no new thing-the King himself is sometimes deceived in his grants. In such a case they should have applied to the grantor for redress. They allege they could not begin on the south-east side of Chichester, because it joined to Nottingham on that side; but if it was so, what necessity of going four miles on Chichester before they began their measure? Their return, indeed, says, they were directed to leave four miles, &c.; this is no more than their own tale, for nothing appears to discover by whom, when, or where, this direction was given. But a verbal direction was not sufficient in this case; they should have taken their land according to their grant; and 'tis as probable as any thing they say

as to this matter, the true motive for making this leap, (not in the dark) was to get better land. Now the defendant avers it to be a fact, that if they had run as they ought, from the southerly corner of Chichester, they would not have reached the land demanded.

But now to come closer to this title, as derived from the Crown, the defendant says that the right to all the lands the plaintiffs claim as contained in their charter, was long before granted by the council of Plymouth, in whom the right of the Crown to them was vested, to Capt. John Mason, (if there had been no preceding grant from said council) which was confirmed by King Charles I., and has been recognized by every crowned head to King George I., from whose time till lately nothing was said of it, by reason of the absence or minority of the heir. By all which it appears that this right of Mason was always adjudged good. Now as the said lands were all waste or unimproved, except what the settlers at Pennicoke had done upon that which they claimed of them, they, beyond all question, belonged (agreeable to Queen Anne's orders and the concession of the Assembly here) to those who had Mason's right. And if this was the case, the Governor's grant could be of none effect as to these lands; for the power of the Governor extends only to the right of the Crown, of which the Crown was long before divested. Hence it follows, the plaintiffs' title under the government cannot serve them, of which the defendant may take advantage; for it is a well known rule that a defendant may plead any man's title against the plaintiff.

And here the plaintiffs agree with the defendant, and allow the right was Mason's, and that they cannot avail themselves of the charter aforesaid, only as a description of what they claimed, and were in possession of; but say, they have that right, for that Mr. Mason's heir sold to Theodore Atkinson, Esq. and others, by deed, dated the 30th of July, 1746, and that the purchasers, by their deed of release, dated 31st of July aforesaid, conveyed their right to the plaintiffs, among others. And here the defendant, not willing to be in arrears, will in his turn at present agree with the plaintiffs, that they have Mason's right to their lands, and make no question whether the right of Capt. John Mason is now in his heirs or Allen's. But then must quere how a right, acquired in 1746, could give an actual seisin of the lands, the right to which was then purchased, so long before the purchase as 1727; that is, whether a man, by virtue of a deed made to-day, could be in actual possession of the land conveyed by it nineteen years ago? Moreover, the defendant must deny a right was conveyed by this

release to the lands demanded, and whatever else is within the bounds of Rumford, that is the plantation of Pennicoke, for this reason. It is common learning on this subject, that a release operates only to those in possession, and the plaintiffs' own declaration shows they have been out of possession above twenty years. What benefit then have the plaintiffs by this release as to the lands aforesaid?

But now if we look into the release, we shall find it is made as much to the defendant as any person whomsoever. For he is an inhabitant of Bow, as the plaintiffs themselves style him, and this release is made to the inhabitants as well as to the proprietors, of what they possess; and as the defendant had possessed so long in his own right, he must of necessity be quieted by this release, if it has any effect at all, and it would be doing the greatest violence to the words of it, to give them any other construction as to this point; and if so, it is submitted whether the plaintiffs or defendant has Mason's right. But what may further be objected to the plaintiffs on this head, and indeed is what first occurs, it is a well known point of law, a chose in action or a mere right cannot be transferred, and Mason's title was no more, as to all the lands in the possession of those who were not parties at the time of making the said deed to Atkinson and others. The lands demanded, as well as all the plantation of Pennicoke, had been near twenty years in the possession of entire strangers to that transaction. And then what title can the plaintiffs derive to themselves under this conveyance to the lands in question? This, and much more, the defendant conceives may well be offered in his defence, sufficient to defeat the plaintiff's action, upon supposition he had no title. But this is not the case.—We shall now consider the defendant's title.

In the year 1725, upon the petition of Benjamin Stevens and others, a tract of land of seven miles square, at a place called Pennicoke, by the government of the Massachusetts Bay, was appropriated for a township, the bounds of which were as follows, viz. "To begin where Contoocoke river falls into Merrimack river, thence extending east seventeen degrees north three miles, and west seventeen degrees south four miles, which is the northerly bound of said township; and from the extreme parts of that line southerly at right angles till seven miles are accomplished from the north bounds." Now it is agreed on all hands, that within these bounds the lands demanded are contained. And as the proprietors of Bow have run the bounds of the lands they claim, they take in

something more than two-thirds of what is contained within the bounds above described. And, therefore, as they have recovered part, they expect to recover the whole that lies within what they are pleased to call their limits; for other parcels of which there are several other actions now pending. And here it may not be amiss to take notice of the vexatious method they take to recover what they claim, by prosecuting a great number of actions, each for a small parcel of land, that they may prevent an appeal home, and that they may have the advantage of the ignorance and prejudice of common juries. And with a view to weary out and dishearten the defendants, who live at a great distance from Portsmouth, where all the courts are held, with the expense of charges occasioned to them by such a number of suits. Whereas they might as well have taken an action for all that lies in common, in the name of the proprietors of Bow, against the proprietors of Rumford, as well as the action against the present defendant, and others of the like kind. But to return. Among those who were to settle this town, is the name of the defendant and one Nathaniel Page, under whom he purchased a part of what is sued for. In the year 1726, a division of lots of upland and interval was laid out to the settlers, to hold in severalty, among which was the land demanded, part of which is that the defendant purchased of one Joseph Davis. These settlers prosecuted the settlement with such vigor, that in the year 1730 they had a minister settled, and a church gathered in said township. And in the year 1733, they were incorporated into a town, by the name of Rumford, (it not being the custom in this government to incorporate a tract of waste land without an inhabitant, but first to settle the land, and then make the settlers a corporation.) The act, by which this corporation was made, was confirmed by the King afterwards, in the year 1737. And notwithstanding their distance from other settlements, within, and none without them, the difficulties and hardships which necessarily attend those who have first set down upon land in a perfect wilderness, where there is not the least sign that ever English foot had trod the ground before them; and especially the danger, expense, and fatigue of an Indian war, which they encountered.* Notwithstanding all these and other discouragements, these settlers have stood their ground ever since their first entry; have persevered in their resolution, have planted

^{*}Besides an actual war, they have been frequently driven into garrisons, and kept in continual fears for years together, or at least the whole summer season, which was occasioned again the next, by the threats and surly temper of the Indians.

a fine town, supply themselves and many others within them with provisions, afford other places both defence and sustenance, and are likely to be a great advantage to the province of New-Hampshire in general. Yet these are the people the proprietors of Bow would eject; would oust, not only of their all, but of that all they have thus dearly purchased. For what the said proprietors claim takes in all (within a very trifle) of the said improvements, which they would now cruelly, (I may say) ravish from them, after they themselves, with folded arms and indolence, have stood by a long time, and seen the others, with the greatest toil and expense, make these improvements. And the only reason that can be given for it is, they want something of this kind, and having none, they have made of their own; they take this as the shortest way of obtaining it. For to this day these proprietors of Bow have not settled five families within their whole township; and there is a great part of it clear of any dispute, and that part too which is nearest to the settlements within, yet nothing is done there, but they must needs overlook that, to come at this, the mark at which their whole view was directed. In short, they have not in the run of twenty years done as much towards settling a plantation, as they might, and as the others did, in two years; yet they are so partial to themselves, so blinded by interest, as to think, that because they once run a line round this land, &c. above twenty years ago, they have an indefeasible right to it, which yet they are unwilling to have brought to the test, and decided fairly in the cheapest way, but endeavor, by piece meal, to destroy the possessions. In fine, it seems that they have set their eyes and hearts upon this vineyard, and perfas aut nefas they must have it; for the actions they have recovered (which are several) have been against common right, the common known principles of law, and plain common sense. So much do they find their account in, and means to obtain juries, entire strangers to these things, or under the influence of a principle worse than ignorance.

But the plaintiffs object to the defendant's title several matters. That which they pretend to be very material is first—The land called Rumford lies not within the bounds of what is now the province of the Massachusetts Bay, according to the last settlement of the line, the defendant himself will own; and that settlement was not a new boundary now first made, but is to be considered in this view, viz. A declaration of his Majesty, of what was always the true boundaries of these provinces, that the province of New-Hampshire was always supposed to join to the Massachusetts, wherever the divid-

ing lines should be fixed, and the lands now under consideration, lying in New-Hampshire, the government of the Massachusetts had no jurisdiction, or, which amounts to the same, if these lands were out of their jurisdiction, ("and the right of granting of lands was limited to the right of jurisdiction") their grant was void ab initio; and therefore the settlers under them could derive no title to themselves, but must be looked upon as, or actually were, disseisors. But as their entry was recent when Bow was granted, the proprietors might lawfully enter upon them; especially considering the government of New-Hampshire had forewarned and forbid the committee, who were on the business of beginning the settlement of Pennicoke, to proceed in the name of the government of New-Hampshire. So there was really nothing in the way of the proprietors of Bow, any more than if there had been nobody there.

Before notice is taken of the principal objection, it cannot escape the most superficial observer, how weak it is for the plaintiffs to lay stress on this forewarning, by order of the government of New-Hampshire, and in the next breath, as it were, to confess, that the government had nothing to do with it; that the land was private property to which this related, an hundred years before. But as to the grand objection the defendant replies—When the land was appropriated as aforesaid for a township, the government of the Massachusetts had the jurisdiction in fact. Suppose it not to be de jure, to whom were they answerable for mal-administration? not to the proprietors of Bow, nor even the government of New-Hampshire, for that government, by the commission then in force, did not reach to the place now under consideration, by several miles, as was hinted before; then they could have nothing to do or say in the case. Who then was to correct this usurpation? The King was so far from charging them with any imputation of that kind, that he approved and confirmed the act by which the inhabitants of this plantation were incorporated; and as to the proprietors of Mason's right, they were glad they had such good neighbors, for every acre these inhabitants cultivated, doubled the value of as many acres of those proprietors. Moreover, the government of the Massachusetts exercised all the powers and authorities of government, both legislative and executive, over all places, to the line three miles northward of Merrimack aforesaid, till the said last settlement which were never annulled, or declared to be void, as must have been the case, had this notion been entertained, which these plaintiffs advance, that the said settlement of the line was

only a declaration of what was always the true boundaries of these provinces; or that all which Massachusetts had done in this regard, was a mere nullity. And if the King has not seen it proper to nullify all those acts of government, what have the plaintiffs to do in the case? It seems necessary that all should be deemed valid, or all void; or by what rule can a distinction be fixed? Besides, the settlement of this line, was only to settle the jurisdiction, and not to affect private property; nor was it ever designed to furnish a rule whereby that should be determined. And the acts done by either government within their respective limits, as exercised and used before the settlement, must be held valid to all intents, to avoid that confusion which the contrary notion would necessarily introduce, and which arises from connecting ideas which have no necessary connexion. That is, that the rights of government and the rights of property are always united, or that the latter has a necessary dependence on the former; which, with respect to this very line, has in fact stirred a multitude of suits. If this opinion was true, the jurisdiction of a government ought never to be altered, without first having all parties whose properties would be thereby affected, which must be all those who have any real estates between the old and new line. And in what case of this nature was this ever done? And yet if settled without it, that is without hearing such parties and determining their respective rights, this position would, in case of such alteration, (which frequently happens) be productive of the greatest mischief to private persons. not only by exposing them to suits, but by the ruin of those who held under the government whose jurisdiction should be contract-Suppose the alteration in this case (as it might) had been, by fixing the line ten or twenty miles further eastwards, would the notion that such a settlement was only a declaration of what was always, &c. then have prevailed? and that all the real estates lying westward of the line must belong to the inhabitants of the Massachusetts, and the old possessors be sent a grazing, or to look out and subdue new lands, and perhaps by that time they should be well settled, the like event might happen. Besides, where shall we stop? Many or most of the ancient inhabitants within the towns of the same government, have derived their estates from town grants, which are laid out on any of the commons not before laid out in severalty, or appropriated. And by this rule, upon an alteration of the bounds of any two towns contiguous there must arise the like transmutation of property and endless controversies; for these towns are to many purposes distinct governments, and

the governments are only larger corporations. Now the cases here put are the same in kind, and differ only in degree. From all which considerations, and many more that might be added, it follows, that the grants made by the government of the Massachusetts, before the settlement of the said line, within the jurisdiction they then had in fact, as well as other acts of government, must be held good, and the grant under which the defendant holds among the rest. Besides all this, with respect to the property of the soil, there is another matter to be considered. It appears by the present charter of the Massachusetts, that the property of the soil from forty to forty-eight degrees of north latitude, was granted to the council of Plymouth, and is a fact so well known, it is needless to offer evidence of it. It also appears by the recital in said charter, that the said council by their deed, dated the 19th of March, the third of Charles I. granted to Sir Henry Roswell, and others there named, their heirs and assigns, and their associates forever, all that part of New-England, &c. comprehending the whole tract of land, which was called the Colony of the Massachusetts Bay, under the old charter. That about a year after, King Charles confirmed this grant by a double recital, first by referring to the deed made by the council, and then by the particular bounds in that deed, and made the grantees and others their associates, a corporation on the place. That many years after this, in the latter part of the reign of King Charles II. this corporation was dissolved, by vacating the letters patent of King Charles I.

Now from these facts it may be observed, that the council of Plymouth, having the fee, conveyed the same, of all the land within the bounds of their deed of the 19th of March aforesaid, to Sir Henry Roswell, &c. as private persons, it being made a year before the corporation had existence, and had no relation to any corporate capacity. That the confirmation of the Crown aforesaid admits that the grantees of the council had the fee of the soil, which is the thing they designed to convey, and if it had not been done, there was nothing for the confirmation to work upon, for a confirmation of a void conveyance is also void. That the judgment, by which the corporation was dissolved, relates wholly to the King's letters patent, by which the corporation was erected, and has no manner of reference to the deed made by the conncil of The quere here is then upon annulling the charter of incorporation, what became of the fee of the land purchased by some of the members of that corporation as private persons, before the corporation was in esse; or how could the vacating or destroying a particular political relation, an ens rationis any ways affect the right of property? If it is said, that the judgment nullified those letters patent as a deed of confirmation: Suppose it—but what follows? Nothing as to this point. For the rule is, a confirmation is to bind the right of him who makes it, but not to alter the nature of the estate of him to whom made. Now if the grantees in the first deed had the fee by that, the confirmation, when in force, did not alter the nature of their estate, nor when annihilated, (if it could be so in this respect) did that affect it. Upon the whole, as to this point, it is submitted whether the dissolution of the corporation affected the right of property any more than it did the moral state of those who were the particular members. The consequence of all is, the right and property of all the lands within the bounds of that deed, was in those grantees, and still is in those who hold under them. How far those bounds extended, the judgment of the King in council, according to the opinion of the Lords Chief Justices upon the complaint of Mason and Gorges, in the year 1677, is an irrefragable determination. That as to that part of the bounds which relates to the lands of Rumford, it was to run parallel to the river at the distance of three miles northwardly of it to the head, or as it is in the report, to the utmost extent of the river, &c.; whereby it run a long ways beyond the said township of Rumford, so that there can be no doubt whether it took in those lands. Now, supposing this right to remain still in private hands, what have the government of New-Hampshire, or Mason either, to do with it? And here again the application of the rule above referred to offers itself. The land is neither the plaintiffs' nor defendant's. How then shall the plaintiffs recover? Not by the known established rules of law; but by a new method; the land the plaintiffs demand is not the defendant's, therefore they will have it. But here a question arises. Supposing all to be true with respect to this right that has been alleged, which way did it ever come to be the government's again? And if the property still remains in private persons, what have the government to do to parcel it out, and put whom they please in possession? There is no doubt but the reincorporation restored the government to all they had before, not expressly excepted in the new charter; and as they had the King's confirmation as a corporation, while that capacity continued, they must be supposed to hold by that; but when that was annulled, they were remitted to their ancient right, which they had before the corporation was created. And it is submitted, whether by necessary operation of law, a corporation dissolved, and afterwards incorporated by a new charter, either by the same or a new name, is not of course restored to all its old rights and privileges, without express words in the new charter for that purpose; and if it is, the question is answered. However the government has been in possession of, and has exercised the right of granting the lands to the inhabitants more than sixty years, and if any particular person or persons might once have claimed it, such right seems to be extinguished by non-claiming the possession or exercise aforesaid. The deed made by the council of Plymouth is not in the case, nor is it to be found, nor any record of it, only by way of recital, it being probably consumed, and the record of it, with many other papers of a public nature, by the violence of a fire that destroyed the state-house, with a great part of the town of Boston, in the year 1711. But by the recital in the charter it may be depended upon as an undoubted fact, that there was such a deed.

There is another objection made by the plaintiffs to the defendant's title, which is, that the committee appointed by the General Court to have the care of settling these lands at Pennicoke, were to execute deeds to the settlers, which does not appear to

have been done, therefore they have no title.

The answer to which is, there was no need for it, for the land was designed for those who would settle there; the committee determined who they should be, took a list of their names, then the lots severed were drawn in their names, and set off to them; and by the terms proposed, if they perfected the settlement, the land was to be theirs. And by the act or law of the province, by which they were incorporated, past the seventh of his Majesty's reign, it appears that they had fully complied with the terms the General Court had fixed. So that the executing such deeds, as it would have been a considerable trouble and charge, so it would have been ex abundanti, and was therefore omitted. The government conceded, the settlers had their right, and the committee could have given no more; and as to the method of conveyance, it is immaterial. Nor was it ever customary to pass deeds in these cases; and was mentioned rather to stimulate the settlers to comply with the terms, that they might be entitled to the land, than a thing necessary to be done.—And now to sum up all in a few words.

The defendant has entered, subdued, and cultivated the lands demanded; reduced them from the rough condition in which nature left them, to the state of a garden, in which labor he has spent more than twenty years, while the plaintiffs have been looking on, neither asserting their claim, nor attempted to settle any other part

of their lands. And whether the defendant has any title or not, the plaintiffs ought not to recover, if they do not make out the title they set up. For melior est conditio possidentis, the government of New-Hampshire did not extend to the place where these lands lay on the westerly side of Merrimack river, and therefore no right could be derived from them; and if the government had reached so far, the Crown had long before divested itself of all right to the soil, which was afterwards vested in Sir Henry Roswell, &c. That if that was not the case, it was Mr. Mason's, or those who have his right; from whom the plaintiffs have derived no title, because the defendant was in possession at the time of making the deed and release aforesaid. That if the release operates as to these lands, it is in favor of the defendant. That the defendant has a good right under the government of the Massachusetts Bay, as they had the jurisdiction in fact, and moreover had the right of the soil by the deed and other matters aforesaid. all that, whoever settles land in the wilderness, and of that which before served only as a shelter and nursery for wild beasts, and a lurking place for the more savage animals, the Indians, not only purchases it at a dear rate, and has a hard bargain, though the land is given to him, but does public service. In which regard the whole town of Rumford merits the thanks of the government, instead of being turned out of doors. And what may be said in behalf of the defendant in this case, may, with the same propriety, be urged in behalf of those other inhabitants of Rumford, with whom these proprietors, or those who derived their right from them, are now contending and have actions in the courts under continuance.

Upon reading at the Board a Report from the Right Honorable the Lords of the Committee of Council, for hearing appeals from the plantations, dated the 17th of this instant, in the words following, viz.:—

Your Majesty having been pleased, by your order in council of the 15th of February, 17—, to refer unto this committee the humble petition and appeal of Benjamin Rolfe, Esq. Daniel Carter, Timothy Simonds, John Evans, John Chandler, Abraham Colby, and Abraham Kimball, setting forth, among other things, that in 1721, Benjamin Stevens and others petitioned the General Court or Assembly of the Massachusetts Bay, for a grant of land at Pennicook, upon the river Merrimack, which petition, having been referred to a committee of both Houses, and they reported in favor of the application, that it would be for the advantage of the province that part of the land petitioned for should be assigned and set apart for a township, to contain seven miles square, and to begin where Contoocook river falls into Merrimack river. And they appointed a committee to bring forward the said settlement, and laid down several special directions with regard thereto. And amongst others, that the land should be divided into one hundred and three lots or shares; and that one hundred persons or families, able to make their settlement, should be admitted, and each settler to pay for his lot five pounds for the use of the province, and be obliged to build a good house for the family within three years, and break up and fence in a certain quantity of land, and the houses and lots to be on each side of the river; and that a meetinghouse should be erected and finished, which was to be assigned for the use of the minister and for the school, and the charge of the committee was to be borne by the settlers; which Report was agreed to by both Houses of the Council and Assembly of that province, and concurred in by the Governor. That in 1726, the town of Pennicook was laid out, and divided into lots amongst the proprietors, who began and carried on a settlement there with great difficulty and cost, it being above twenty miles up into the Indian country, beyond any English settlement then made, and being a perfect wilderness, having not the least sign that human foot had ever trod the ground there, and notwithstanding the difficulties they were under in establishing a new town in so remote a desert, they pursued their undertaking with such industry and pains, clearing the land, building houses, sowing corn, &c. that within a few years a town was erected, and the place capable of receiving their families, who were removed up there.

That on the 6th of August, 1728, in consideration that five hundred acres of land, which had prior to the aforesaid Pennicook grant, been granted to Governor Endicott, fell within the Pennicook boundaries, the Assembly of the Massachusetts Bay came to a resolution, which was concurred in by the Governor and Council, that the Pennicook settlers should be allowed and empowered, by a surveyor and chain-men upon oath, to extend the south bounds of their township one hundred and thirty rods the breadth of their town, and the same was accordingly granted and confirmed to them as an equivalent for the said five hundred acres of land. And in a few years they had so far erected and settled a town, that in 1733, the Governor, Council, and Assembly of the Massachusetts Bay passed an act for erecting the said plantation of Pennicook into a township, by the name of Rumford; which act was confirmed by his late Majesty in council; and the said settlers having ever since, at great costs and labor, gone on improving the lands within the said township of Rumford, by building, cultivation, and otherwise; and having been in continual possession thereof for above thirty years past, and the same is now become a frontier town on that part of New-Hampshire.

That on 6th of August, 1728, David Melvin and William Ayer petitioned the General Court or Assembly of the Massachusetts Bay, for themselves and others, who had served as volunteers under Capt. John Lovewell, praying a part of the province land might be granted to them for a township, in consideration of the service they had done, and the great difficulties they had undergone in the war; which petition being read in the House of Representatives, it was resolved, that six miles square of land, lying on each side of Merrimack river, of the same breadth from Merrimack river as the township of Pennicook, and to begin where Pennicook new grant determines, and from thence to extend the lines of the east and west bounds on right angles, until the six miles square should be completed, be, and it is thereby granted to the forty-seven soldiers, and the legal representatives of such of them as were deceased, who marched with Capt. Lovewell, (himself included) when he engaged the enemy at Pigwacket. That on the 9th of July, 1729, the said David Melvin and others, petitioned the Assembly of the Massachusetts Bay, setting forth, that they had caused the said tract of land to be surveyed and platted, and praying a confirmation thereof, and that the grantees might be empowered to assemble and choose a clerk, pass votes, and be empowered to admit the persons in Capt. Lovewell's first march, to

be associated with him; and the survey or plan of the said tract, which is annexed to the petition, and mentions it to begin at the south-east corner of the said town of Pennicook, and from thence to run out according to the grant. It was ordered, that the land described in the plan should be confirmed to the petitioners and their associates, and their heirs and assigns forever, provided it exceeded not six miles square, nor interfered with any former grant. And the Assembly, on the 23d of September following, ordered a preference to be given to those soldiers who were actually with the Captain in the engagement when he killed several of the Indians, and the said resolutions of the Assembly were concurred in by the Governor and Council.

That the Suncook proprietors carried on their said settlement which adjoined to Pennicook, otherwise Rumford, in like manner as the Pennicook or Rumford settlers had done; and in 1737, had a minister settled there, and by their industry, labor, and charges,

it became a good parish, filled with inhabitants.

That some years since, upon a dispute about the boundary line between the provinces of the Massachusetts Bay and New-Hampshire, his Majesty was pleased to issue a commission to mark out the dividing line between the said province of New-Hampshire and Massachusetts Bay, but with an express declaration, that private property should not be affected thereby. And upon hearing the Report of the commissioners appointed to settle the said boundary, his Majesty was pleased, by his order in council, made in 1740, to adjudge and order that the northern boundary of the said province of Massachusetts Bay are and be a similar curve line, pursuing the course of Merrimack river at three miles distance on the north side thereof, beginning at the Atlantic ocean, and ending at a point due north of a place called Pautucket falls, and a strait line drawn from thence due west cross the said river, till it meets with his Majesty's other governments; by which determination two-third parts at least of the said river Merrimack, with the lands and settlements thereon, and among the rest, the said towns of Pennicook or Rumford, and Suncook, would lay upon the said river considerably above the said Pautucket falls, were excluded out of the said province of Massachusetts Bay, in which they had before been thought and reputed to be, and thrown into the said other province of New-Hampshire. That notwithstanding his Majesty had been pleased, at the time of issuing the said commission to fix the said boundary, to declare the same was not to affect private property. Yet, certain persons in New-Hampshire, desirous to

make the labors of others an advantage to themselves, and to possess themselves of the towns of Pennicook, otherwise Rumford, and Suncook, as now improved by the industry of the appellants and the said first settlers thereof, whom they seek to despoil of the benefit of all their labors, did, on the first of November, 1759, by the name of the proprietors of the common and undivided lands, lying and being within the township of Bow, brought an ejectment in the inferior court of common pleas, holden in Portsmouth, in New-Hampshire, against the appellants, by which ejectment the respondents, under the general denomination aforesaid of the proprietors of Bow, demand against the appellants the possession of about one thousand acres of land, alleging the same to lie in Bow aforesaid, and to be described and bounded as therein mentioned and set forth in the ejectment, their grant of the town of Bow, dated the 20th of May, 1727, from John Wentworth Esq. lieutenantgovernor of New-Hampshire; and that by force thereof they were seized in fee of the lands thereby granted, to the extent of eightyone square miles, and they had afterwards entered thereon, pursuant to their grant, and were seized thereof, and alleged they were entitled to the one thousand acres of land sued for, as part of the said eighty-one miles square of land, and that the same lay within the said town of Bow; but that the appellants had entered therein and ejected the respondents, and withheld the same from them. To which action the appellants severally pleaded not guilty, as to so much of the lands sued for as were in their respective possessions.

That on the 2d of September, 1760, the cause was brought on to trial in the said inferior court, when the jury gave a verdict for the respondents, and judgment was entered up accordingly with costs, from which the appellants prayed, and were allowed an appeal to the next superior court. And on the 2d Tuesday in November, 1760, the cause was brought on again to trial in the superior court, when the jury gave their verdict for the respondents, and the judgment was thereupon entered up, affirming the said judgment of the inferior court with costs. That the appellants conceiving themselves to be thereby greatly aggrieved, prayed, and were allowed an appeal therefrom to your Majesty in council, and humbly pray, that both the said verdicts and judgments may be reversed, and that they may be otherwise relieved in the premises.

The Lords of the committee, in obedience to your Majesty's said order of reference, this day took the said petition and appeal into their consideration, and heard all parties therein concerned, by their council, learned in the law, and do agree humbly to report as their opinion to your Majesty, that the said judgment of the inferior court of common pleas of the province of New-Hampshire, of the 2d of September, 1760, and also the judgment of the superior court of judicature of the 2d Tuesday in November, 1760, affirming the same, should be both of them reversed, and that the appellants should be restored to what they have lost by means of said

iudgments.

His Majesty this day took the said Report into consideration, and was pleased, with the advice of his privy council, to approve thereof, and to order, as it is hereby ordered, that the said judgment of the inferior court of common pleas of the province of New-Hampshire, of the 2d of September, 1760, and also the judgment of the superior court of judicature, of the 2d Tuesday in November, affirming the same, to be both of them reversed, and that the appellants be restored to what they may have lost by means of the said judgments, whereof the Governor or commander in chief of his Majesty's province of New-Hampshire, for the time being, and all others whom it may concern, are to take notice and govern themselves accordingly.

[Non-Intercourse Agreement.]

[From original in possession of Joseph B. Walker.]

We the Subscribers, Inhabitants of the Town of Concord having taken into our serious Consideration, the precarious State of the LIBERTIES of NORTH-AMERICA, and more especially the present distressed Condition of our Sister Colony of the Massachusetts-Bay, embarrassed as it is by several Acts of the British Parliament, tending to the entire Subversion of their natural and Charter Rights; among which is the Act for blocking up the Harbour of BOSTON: And being fully sensible of our indispensible Duty to lay hold on every Means in our Power to preserve and recover the much injured Constitution of our Country; and conscious at the same Time of no Alternative between the Horrors of Slavery, or the Carnage and Desolation of a civil War, but a Suspension of all commercial Intercourse with the Island of Great-Britain, DO, in the Presence of GOD, solemnly and in good Faith, covenant and engage with each other.

1. That from henceforth we will suspend all commercial Intercourse with the said Island of Great-Britain, until the Parliament shall cease to enact Laws imposing Taxes upon the Colonies, without their Consent, or until the pretended Right of Taxing is

dropped. And

2. That there may be less Temptation to others to continue in the said now dangerous Commerce; and in order to promote Industry, Oeconomy, Arts and Manufactures among ourselves, which are of the last Importance to the Welfare and Well-being of a Community; we do, in like Manner, solemnly covenant, that we will not buy, purchase or consume, or suffer any Person by, for, or under us, to purchase, nor will we use in our Families in any Manner whatever, any Goods, Wares or Merchandize which shall arrive in America from Great-Britain aforesaid, from and after the last Day of August next ensuing (except only such Articles as shall be judged absolutely necessary by the Majority of the Signers hereof)—and as much as in us lies, to prevent our being interrupted and defeated in this only peaceable Measure entered into for the Recovery and Preservation of our Rights, and the Rights of our Brethren in our Sister Colonies, We agree to break off all Trade and Commerce, with all Persons, who preferring their private Interest to the Salvation of their now almost perishing Country, who shall still continue to import Goods from Great-Britain, or

shall purchase of those who import after the said last day of August, until the aforesaid pretended Right of Taxing the Colonies

shall be given up or dropped.

3. As a Refusal to come into any Agreement which promises Deliverance of our Countries from the Calamities it now feels, and which, like a Torrent, are rushing upon it with increasing Violence, must, in our Opinion, evidence a Disposition enimical to, or criminally negligent of the common Safety:—It is agreed, that all such ought to be considered, and shall by us be esteemed, as Encouragers of contumacious Importers.

Lastly, We hereby further engage, that we will use every Method in our Power to Encourage and promote the Production of Manufactures among ourselves, that this Covenant and Engagement may be as little detrimental to ourselves and Fellow Country-

men as possible.

Anthony Stoddard, Esq; brought down the report of the Committee on the Line of Towns &c. between the Rivers of Merrimack and Connecticut &c. with the Plat thereof, the Report is as follows, Viz.

The Committee of this Court for the Line of Towns &c. make further Report of their Proceedings thereabout, as follows: Having been informed that the North Bounds of the Equivalent Lands on the West side of Connecticut River, did not run West as we platted it, but was twenty two degrees thirty minutes North, which obliged us to run the two Townships on that side of the River accordingly, which is altered in the grand Plat. And having sent some of the Committee to view and run the Lines of the Ashuelot Townships, that we might be certain of not interfering with them, and also the North Bounds of Arlington so called on the East side of Connecticut River, we found that one of our Towns laid out on that side did actually interfere with one of the Ashuelots, we were therefore obliged to alter the Lines of all the four Townships on the East side of the said River; and have reformed them in the said grand Plat accordingly, which we now humbly present for acceptance.

The Committee further report, that having notified the many Petitioners for Townships to meet at Concord in September last when and where we admitted sixty Persons or Grantees into the Townships following, No. 1, 2, 3, 4, on the East side of Connecticut River, No. 1, 2, on the West side; in the Line of Towns No. 1, 2, 5, 6, and have taken Bonds, according to Order, of each Grantee for the fulfilments of their respective Grants. We have further notified the rest of the Petitioners and others to meet us at

Woburn the 7th of December next in order to admit into and fill up the other Towns, viz. No 3, 4, 7, 8, & 9.

Wm. Dudley, by order of the Committee.

The Report of the Com^{tee} for laying out the house Lotts in the two Towns on Ashuelet River June 1734—

Pursuant to the order of the Great & General Court we Repaired to Ashuelet where we found in each of the said Towns Respectivly That a very large Body of the Land lyes in one intire parcell being Interval Land and other low lands Altogether Unsuitable for House Lotts and from the best View and observation that we Respectivly were able to make of the value and quality of the Land there, we apprehend it Impracticable to lay it out in a Defenceable manner and to lay out between twenty & forty Acres to each house Lot according to the order of the Court and there being (in our humble Opinion) no other way in which the House lotts could be laid out but would Render (at least) many of them for less Accommodable to the Intervals and also very Scattering and Remote

We Concluded that to lay out Small House lotts lying Contiguous & also Convenient for the Interval lands would be more agreeable to the Intentions of this Honble Court then either for us to Desist & Return without doing anything or to lay out large Lotts which must have been Extreemly Scattering & indefencible and therefore proceeded as follows vizt. To lay out in the uppermost of the said Ashuelet Townships fifty four Lotts, in the most Convenient place

for Building on & adjoyning to each other each Lott Containing eight Acres and that place not Accommodating more lotts there, we were obliged to lay out the other Nine Lotts about three Quarters of a Mile Distant from the Fifty four Lotts aforesaid We also laid out a Street thrô each Division of Land aforesaid four Rods wide—

In the other Township of Ashuelet we Could find but one parcell of Land Sutable for House lotts (in a like Compact and Defenceable manner) which is a Plan consisting of no more than about four hundred Acres and therefore were obliged to lay out the whole number of lots being Sixty three in that place which yet would not afford above Six Acres (exclusive of ways) to each house without Runing upon Intervals or mountainous land which would be very Difficult to Equalize and a great part thereof fit for Neither Tillage nor mowing we therefore laid out the whole Sixty three Lotts there and also a Street of Eight Rods wide and whereas each Settler is obliged within the Term aforesaid to till or fitt for mowing Eight Acres within five Years We humbly propose that no damage or forfeiture Accrue to any Settler, who shall within the term aforesaid till or fit for mowing his house Lott there and shall also as soon as shall be next after another Lott or division of Land shall be laid out till or fit for mowing the Remainder of said Eight Acres on such other Lott or Division which with the whole of this Representation or Report is humbly Submitted to the Wisdom & Candour of this Honble Court—

The Deputy Secretary was Sent down to the House with the

following Message from the Board vizt-

The Board takes into Consideration, as well the Several Grants made by the House Upon petitions for Townships of the Canada Officers and Soldiers that have pass'd the whole Court, as those Depending at the Board, & finding the form & the direction of the Descent of the Estate to be Essentially differing; which the Board Apprehend is not only inconsistant, but also Unequal and Unjust As to the Different form of the Grants, pass'd thro' the whole Court; the Board observe that on the four first petitions viz Gallop, Newell, Tileston, & Tiltons, there Seems to be an Inconsistancy, the Grantees therein being obliged to give Bond to the Comtoo Appointed to lay out the same and Yet the said Comtoo are to Transmit into the Secretarys office, Lists of the Grantees names and places of Abode to be Regulated by an after Comton which Necessarily Implys giving Bonds before Admission In the order; on two Several petitions of Shubal Goreham & Samuel King the Board observe no Bonds Ordered to be Given or lists to be Transmitted as above; In the Order on the three Several petitions of Ebenezer Hunt of William Raymond & Joseph Silvester, no list is Ordered to be taken or transmitted for future Regulation; The

Board therefore propose to the Honble House that a Comtee of this Court be Appointed to take a List of the names and places of Abode of the said Officers and Soldiers and of the Descendants of such as are deceased, in Order to a Regulation by a Com^{too} of this Court, and so Sixty of them may be Admitted Grantees and Settlers in each Township of Six Miles Square, to be laid out pursuant to such forementioned Regulation; And as to the Descent of the Estate Granted to the said Officers and Soldiers, the Board observe that in all those made by the whole Court, they all Agree Except that made to Capt Silvester & his men; which last mentioned is not to the Descendants of those that are dec'ed as the others are; Which General Method of Descent the Board are of Opinion is not only most practicable, but also most Reasonable and just, and will be Attended with much less Expence to the province and Greatly conduce to the Speedy fulfillment of the Conditions of the Grant; Therefore move that the said Silvester Grant may be Reduced to the said General Rule as well as the Rest of the Canada Grants.—

In the House of Represent Read & Referred to the next Sitting of the Court for Consideration—

[Mass. Court Records, Jan 19, 1731-2.]

In the House of Represent^{ree} Ordered that ye following message be sent up to the Honble Board. Viz—Whereas there have been several Endeavours to accommodate the Narraganset Soldiers & their Descendants with a Suitable quantity of Land for the Settlem as an Acknowledgem & Reward of their great Service to this Country which have failed hitherto of the desired Success; This House have thought it might tend to promote a good Understanding & Harmony in this Court to lay before the Honble Board, Wherefore it is that the Represent have come into the Grant of a Tract of six miles square to Each Number of One hundred &

Twenty persons which they have made this Session in Answer to the Petition of Thom. Tilestone & others a Comm. in behalf of themselves & the rest of the Soldiers & their Descendants, who were in the Narraganset War. And one great Reason is that there was a Proclamation made to the Army in the Name of the Governmt (as living Evidences very fully testify) when they were muster'd on Dedham Plain where they began their march, that if they played the man, took the Fort & Drove the Enemy out of the Narraganset Country, which was their great seat, that they should have a gratuity in Land besides their Wages; And it is well known, & our Sitting to hear this Petition is an Evidence that this was done; And as the Conditions has been performed, certainly the promise in all Equity & Justice ought to be fulfilled; And if We Consider the Difficulties these brave Men went thro' in Storming the Fort in the Depth of Winter, & the pinching wants they afterwards underwent in pursuing the Indians that escaped thro' a hideous Wilderness famously known throughout New England to this Name by the Name of the hungry March, and if we further Consider that until this brave tho' small Army thus played the Man, the whole Country was filled with Distress & fear, & We trembled in this Capital Boston it self, & that to the Goodness of God to this Army We owe our Fathers & our own Safety & Estates, We cannot but think yt those Instrumts of Our Deliverance & Safety ought to be not only justly but also gratefully & generously rewarded & even with much more than they prayed for, If we measure wt they receive from Us, by wt we enjoy & have receiv'd from them, We need not mention to yo Honble Board the Wisdom Justice & Generosity of Our Mother Country & of the Ancient Romans on such Occasions, Triumphs, Orations Hereditary Honours & Priviledges all the Riches, Lands & Spoils of War & conquer'd Countrys have not been thought too great for those to whom they have not owed more if so much as We do to those our Deliverers: & We ought further to observe what greatly adds to their merit that they were not Vagabonds & Beggars & Outcasts, of weh Armies sometimes are considerably made up who run the Hasards of War to Avoid the Danger of Starving; so far from this that these were some of y best of Our Men, the Fathers & Sons of some of ye greatest & best of Our famile & could have no other View but to Serve y' Country & whom God was pleased accordingly in a very remarkable mann to Honour & Succeed. Of these things the Honbie the General Court of the Late Colony of the Massachusetts in those days was not insensible & accordingly gave

to y' Soldiers being upward of Five Hundred, abt Two thirds of the Army that went from y' Massachusetts, & the late Colony of Plimouth a Tract of abt forty thousand Acres in the Nipmug Country, this or the Value of it these Soldiers would be contented with & take in their Brethren of Plimouth too, tho that sh' take away two thirds of w' was granted them, & would after that have more in Value than w' they now ask for them all, for Every one must own that 40000 Acres in the Heart of the Country as the Nipmug Country is, is of more Value than five times that quantity remote in the Borders & in Danger, if there should be a french War, as is & would be the Case with all the unappropriated Lands

of the province, when they now ask for.—

It is hoped that the Neglect of these petition so long or the provinces having disposed of the Nipmug Country to others & so defeated their ancient Grant, will not be thought to wear out any more than it rewards their Merit. The Grant seems to be made in Acknowledgem^t both of y^r promise & of y^r fulfilling y^e Condition & being well entitled to it, & there is great Reason to fear that publick Guilt wd ly upon the Country if we should neglect & continue in the Breach of this promise after it has been made & omitted for above fifty Years. As to the late Grant of two Townships to Seven or eight hundred of these Soldiers, It is so far below the Value of the Land they Conquer'd, & the Price the province had for it when it was sold, & the money divided to the Colonies that carried on the War, It is such a Pittance of wt they obtained for us, so exceedingly beneath wt the province has defeated them of, which was granted to abt Two thirds of them in the Nipmug Country, that it is rather mocking & deriding them to offer it, Beyond w' has been offered it sh' be Considered that to Grant the present Petition, & give such a quantity of Land as may be worth Settling, & upon Conditions of bringing forward Townships is much more agreeable to Charter & for the publick Good than to Give away Tracts of Land & suffer & even tempt men to let them ly waste & unimprov'd, for in the way that has been proposed, & in which some Progress has been made, the Land will be divided into such Scraps that they will not be worth receiving.

In Council read-

A Petition of Tho Tilestone & others a Commton for the Officers & Soldiers that were in the Narraganset War & the Descendants of them that are decd shewing yt whereas this Court have granted two Townships of Six Miles square to the Petition for their good Service in sd War, there appears so great a Number of Claimers

Thomas Palmer Esq^r from the Committee of both Houses on the Affair of settling the Towns granted to the Narraganset soldiers

gave in the following Report; viz.

The Committee to whom was refer'd the Affair of the Narraganset Claimers are of Opinion that the Consideration of Admitting such Claimers as heretofore omitted presenting or proving their Claims should be refer'd to the Session of the General Court in May next; That the true Intent & Meaning of the Grant made of Lands to those that were in that War was that the Persons who were in that War, only should be entitled, if alive, whosoever put in his Claim, & if deceased, then his legal Represent were entitled to benefit thereby, in such way as was consistent with the Conditions & Limitations of Settlement &c, upon which said Lands were granted; which it was never supposed a Deceased Claimers Heir (in ordinary Cases) could or would receive where there were more than one on the Conditions of the Grant, but that where there were divers Descendants of a Person that had a Right, they would agree & consent it should belong to one only; but whereas in some Cases by reason of an evil Mind & turbulent Disposition, & in others by reason of Minority there is a great difficulty; We propose that it be resolved & ordered That where the Person is deceased who was in the service, the Grant shall be and belong to his legal Represent in the following manner, viz. That the eldest Heir Male, if such there be, otherwise the oldest Female, if they please shall hold the Land, paying to the other Decendants

or Heirs such proportionable parts of Ten Pounds (at which we judge a Right ought to be valued) as such Decendants or Heirs would be entitled to in the Lands if such Lands descended according to the Law of the Province for the Settlem^t of Intestate Estates; & also pay what Charge any of said Descendants may have been at to prove or bring forward such Claim; And if any Dispute shall happen about the Person or Charge, the Settlers or Grantees in each of the Towns shall fix & settle it by a Major Vote. The Committee is farther of Opinion that the seven years for settling the Towns granted to the Narraganset Claimers as well the two first as the five last be computed from the first Day of June next:—In the Name & by Order of the Comm^{tee}

In Council; Read & Ordered that this Report be accepted:—

DISPUTED TOWN BOUNDARIES.

[Remonstrance from Proprietors of Canterbury.]

[Mss. "Town Boundaries," p. 177.]

To His Excellency Benning Wentworth Esq* Captain General & Commander in Chief of His Majesty's Province of New Hampshire: The Honourable His Majesties Council: and House of Representatives in General Court Assembled.

A Committee of the Proprietors of the Township of Canterbury being notified of a Petition of a Committee of the Townships of Barnstead & Chichester to the Honourable Court: Setting forth, that the Boundaries of said Towns, were, for want of due care; become uncertain, or rather unknown where they Joyn as the original Marks are Lost: and apprehending they are encroached upon by the Towns below; and praying that a Committee may be appointed, & duly Authorized, to fix the Bounds of s^d Towns on

every side.

The said Committee of Canterbury, beg leave, to remonstrate against the Prayer of said Petition, so far as it relates to their constitutents: for the following reasons (Viz) That the Town of Canterbury has been settled near thirty Years and the first Bound which is a Beach Tree, well known: said Tree is a corner Bound to Bearnstead, Chichester & Gillmantown: the said Tree is now standing, and fairly Markt, with the initial Letters of a number of Names; and the Dates of the Years 1728, & 1729: and there are Mark'd Lines runing from sd Tree between the four Towns, the Marks (above), appear as ancient as the laying out of said Towns, and because Canterbury has always perambulated with Gillmantown from sd Tree: and are now, and always have been, ready to do the same (upon due Notice) with Chichester, neither do the said Committeee of Barnstead & Chichester make any complaint of encroachments on the part of Canterbury tho' they request a Committee to Settle the Bounds of their Towns on every side

These reasons your humble Petitioners beg leave to lay before your Excellency & Honours desiring you will act as in your great Wisdom and goodness you see fit and your Petitioners shall (as in Duty bound) ever pray

To The Right Worshipfull The Governour and Magistrates and Deputies of the generall Courte now assembled in Boston

The Humble Petition of the Inhabitants of the Towne of Dover.

Sheweth.

That whereas your poor petitioners were taken under the government of the Massachusets, by the extent of the line of the patent of the Massachusets: and likewise the people there are accepted, and reputed under the government, as the rest of the Inhabitants within the said Jurisdiction; as also a Committee chosen to bounde our Towne, we accordingly was done, and afterwards confirmed at the generall Courte; as the Acts do more fully declare. Therefore, Wee, your poore petitioners do humbly crave protection in our habitations, & rightes accordinge to the Laws, and liberties

of this Jurisdiction; and likewise, that some order might be taken to restraine such as doe disturbe, and molest us in our habitations, by challinginge us by patent, and threatninge of us, and sayinge, that wee plant upon their Ground, and that wee must give them such rent, (as they please) for cuttinge grass, and Timber, or else, they will take all from us, so by this meanes, the people are many of them disquietted, not onely by the Patent, but also by the threats of Edwarde Colcorde, who, with others, of his pretended owners do reporte, that they have fourteen shares, and that they are the greatest Owners in the Country: web Patent, wee conceive (under favour) will be made voyd, if it be well looked into, so hopeinge ever to enjoy protection whin your Jurisdiction, Wee shall ever pray

ffor the setlinge of the Rightes & Bounds of Dover these things are presented to consideration.

1. Swanscoate Patent hath but one of y Lords of y Counsell his hande set to it whereas y other Patent hath y Handes of all y Lords.

2 The Patent of y^e Messachusets is of Elder date than these Patents, as was confessed by Capt. Wiggin in y^e Courte.

3. In case y' Patents were eqall, yet y' ends of them being to plant y' English nation, there is noe reason that by occasion of them, any of them should be displanted or put to pay Rent.

4. Dover is taken under y Government of y Messachusetts, as fallinge within y Extent of their patent, w is (as abovesaid) more

ancient then yo other patents.

5. Dover in their cominge under y Governm of y Messachusetts had y Grant of y same liberties, w other Townes in y Jurisdiction have & therefore have y Liberty of havinge a Towne shippe as other Townes have.

6. The Court in their aggreement wth y Patentees allowed them noe Grant but whereas they reserved to themselves such & such portions of Land y Court onely promised to maintaine their just

Rightes.

7 In another Act of y° Courte, it was concluded, that in case y° Patentees would not accommodate y° inhabitants with Land, y° Courte would hold themselves freed from ingagement of any Covenant made wth them.

The gentlemen that keepe Co't at Pascataque are desired to view the ground in question, & see if they can compose, & settle things betwen Dover, & Strawberry banck, & if they can not, to certify the Co't how they find things

[Dover and Portsmouth.]

[Mass. Court Records, Sept. 7, 1643.]

Whereas it appears to this Co't that the Commission's appointed to lay out the bounds between Dover, & Strawberry banck did not consider the said Strawberry banck as a towne, nor so exactly veiwed the land on that side the ryver, as was needfull, & thereupon layd out certeine lands to Dover, we'n is most convenient for Strawberry banck, & c'teine lands to Strawberry bank we'n is most convenient for Dover, so acknowledged to bee by one of the said Commission's in this p'sent Co't

It is therefore finally ordered, that all the marsh and medowe ground lying against the great bay, on Strawberry banck side shall belong to the towne of Dover togeth' wh 400 ac of upland ground adjoyning, & lying neer to the said meadow, to bee layd out in such a forme, as may be most convenient for the im ving fencin of the said medowe, the remainder of the said ground to belong to Strawberry banck, reserving the due right to ev'y one that hath prietyes in the same.

Dover petition &c, the gentlemen who are desired to keepe the court at Pascataq are desired to view, & examine the complaint, & to certify the next cort.

[Dover and Portsmouth.]

[Mass. Court Records, May 29, 1644.]

By order of the last gen'all Co't wee und'written were appointed to heare, & examine the case concerning a certeine quantity of land in question, between the towne of Dover, one the on side, & the inhabitants of Strawberry Banke.

In web case haveing spent much time, & given a free & full hear-

ing to the parties aforesaid wee find, as followeth.

ffirst that the inhabitants of Strawberry Banke do affirme they cannot make a towne whout the land in question: also on the other side, it is affirmed by the Church & towne of Dover, that they cannot continue, & subsist, as a Church or towne, whout the land in question; so that this argum, taken from the necessity of haveing, & enjoying the land in question, lieth equally & in common to them both, under this head many things were pleaded, who wee cannot ground on, unlesse we had veiwed the bounds belonging both to Strawberry banke, & Dover. Secondly we find it is the earnest desire of the inhabitants setled upon the land in question, that they may belong to Dover, in who desire of the inhabitants aforesaid there are two things considerable: 1st that their accesse to the ordinances at Dover is much more easy, & convenient than at the other place; 217 that many of the inhabitants aforesaid, are now members of the Church at Dover.

Thirdly we find, that the land in question hath bene a long time planted, & possessed by Dover whout any interruption, or opposition made against them, excepting onely what was done by Capt Neale, whose **Geedings therein were illegall, & injurious, as is affirmed by Capt Wiggens.

ffourthly the inhabitantants of Dover do pleade, that the land in question ought not to be taken from them by the generall Cort, being theirs by purchase of the Indians, & possession as aforesaid, & because, in the articles of their submission to this government (they say) their right in this, & other cases is expressly reserved:

It was ordered, that this returne of the Commission's be entered, & that the land in question between Dover, & Strawberry banke be layd to Dover.

It is ordered that the northerne bounds of Dover shall extend from y first fall of Newitchewannicke River uppon a north and by west line fower miles.

To His Excellency Benning Wentworth Esq Govern^r and Comander in Chieff in & over his maj^{tys} Province of New Hampshire the Hon^{blo} His Maj^{tys} Council & House of Representatives for Said Province in General Assembly Convened the 14th Day of December 1757—

The Humble Petition of Samuel Smith & Ebenezer Smith Esquand Eph Davis Yeoman all of Durham in Said Province as Agents for & in behalf of the Said Town of Durham—Shews—

That there is a Dispute between the Inhabitants of Said Town

and the Inhabitants & Proprietors of the Town of Nottingham Parte of which Joyns on Said Durham Concerning the Dividing Line between them for the Settlement of which Several Attempts have made by Comittees which have hitherto been Ineffectual for that Purpose and there is Reason to think that All Essays of that kind will hereafter be so (if any were to be made) as Such Comittees are Parties in the Dispute & Interrested in the Event—

That your Petitioners Apprehend the Line of Durham at the Head ought to be the same that was the Line of Dover before Durham was Incorporated which began at a Certain Red Oak Tree which was formerly fixed as the Westerly Corner Bounds & from thence runs on A Streight Line to A Pitch Pine Stump which is A Corner Bounds of Barrington the Course of which Line will be now found North about forty degrees & half East in which Line many old Trees Are Still to be found to which Durham ought to come & to hold but the Agents for the Said Nottingham deny it and alledge the Course of the Said Line from Said Red Oak ought to be North forty Two degrees East by which many of the Lotts of Land laid Out by Durham will be Curtaild & the Possessors under Durham Ousted—

Wherefore your Petitioners Humbly Pray that as there is no Probability the Said Line will ever be otherways Settled A Committee of A Suitable Number of Disinterrested Persons may be Appointed & Authorized to hear the Partys Concernd & finally to Settle & Determine how the Said Line Shall be run and to run & mark Out the Same and that your Petitioners may have Leave to bring in a Bill Accordingly And your Petitioners as in Duty Bound Shall Pray

To the Honourable the Councill & Representatives now Conveened in Gen^{II} Assembly in Portsm^o in s^d Province

The Petition of Jn^o Knight Moses Dam & Rich^d Douning Selectmen of Newington in behalfe of the Inhabitants thereof most humbly Sheweth

That in as much as the Honourable the Councill and Gen^{II} Assembly did heretofore order that a certain Number of the Inhabitants of the Town of Portsm^o Should be laid to that part of the Town of Dover which lyeth on the Westerly Side of Piscataqua river and did make them One Parish or District by the name of Newington—which Inhabitants of the Town of Portsmouth were only poled of by a Committee appointed for that end, and the Stated line made between Portsmouth & Newington for want of which very great Inconveniences do arise to persons who make new Settlements between the s^d Town and Parish, especially by their being taxed to them both—

Therfore your Petitioners humble pray that your Excellency and the Honourable Assembly will please to order that a dividing line be made, and that the Inhabitants which now are or hereafter may be Setled on the notherly Side of that line may belong to Newington, which line we pray may begin at Coll¹¹ Rich^d Waldron's farm in the long reach on which James Gray lives & run thence directly over to Thom⁵ Pickerins ffarm so as to take in the houses on each ffarm, so your Petitioners Shall ever pray as in duty bound & subscribe
